WOULD SPARE RANK AND FILE

But Carranza Unwilling to Grant Amnesty to Slayers of President Madero

REBEL JUNTA IN U. S. PAT ON SAME PROPOSITION

U. S. Says Recognition Goes Only With Clean Hands; Peace Plans Discussed

WASHINGTON, July 17.—It is expected in administration circles here that General Carranza will assume control of the government in Mexico City in the very near future. The administration today confirmed reports that it will support Provisional President Carranza's demands for amnesty covering all political offenses.

Secretary of State Bryan and John Silliman are exchanging confidential messages with him covering this point and others. Gen. Carranza has pledged himself to protect foreigners. President Carranza's announcement that he is not personally ambitious caused much satisfaction here.

The government was informally advised through a communication by Carranza to Jose Castellot, former member of the Mexican Senate, that Carranza will retire in favor of Carranza. The communication, dated Wednesday night, was as follows: "I have just taken the oath of office as president of the republic. Generals Huerta and Blanquet departed tonight for Europe. I desire to make it known with emphasis that my only purpose is to facilitate a solution of the grave problems which weigh upon our country. I have not the slightest ambition for myself and merely wish to terminate the internal conflict of our country. Please give me your impressions of the situation in Washington. (Signed)

"FRANCISCO CARBAJAL."

This statement of the attitude of Huerta's successor, together with the announcement from Monterey that Carranza was willing to enter into negotiations with Carrabal relative to the transfer of authority at Mexico City, was regarded here tonight as practically assuring a cessation of hostilities and the restoring of peace in Mexico.

Would Punish Madero Slayers
The interchange of private messages between former Consul John Silliman of San Luis Potosi, Mexico, and Gen. Carranza continued until noon today. It is understood that amnesty to political prisoners, general peace plans and Carranza's personal plans for succeeding Carrabal were discussed. Carranza told Silliman he does not intend to punish the rank and file of the federal adherents but refused complete amnesty including the more important Huerta leaders. Silliman warned him that America would not recognize him unless he assumes power with clean hands. The constitutionalists here never-theless insisted that the Juarez decree of 1912 providing for the execution of persons implicated in the overthrowing of a president be invoked against Madero's slayers. It is believed this was done with Carranza's consent. At junta headquarters it was stated that "reports that wholesale butchery was contemplated were unfounded. Carranza has no intention of molesting anyone not concerned in Madero's death but these executions will be carried out, and no interference will be tolerated."

It is understood on the highest authority that Carranza will repudiate all the debts of the Huerta administration. Villa is reported to have agreed for Carranza to lead the rebels into Mexico City, but wants him limited to civil authority after that. He favors General Angeles for military authority there.

Trouble at Acapulco
Word was received today from Admiral Howard on the Mexican west coast, that he has sent the cruiser Cleveland to Acapulco where foreign property is reported as endangered by a quarrel between the federalists, constitutionalists and Zapatistas for possession of the port. It is reported that a hot, three cornered fight is progressing.

The rebels are in possession at Guaymas, where they have set up a provisional government. Everything there is quiet.

Boat to Stay at Vera Cruz
WASHINGTON, July 17.—Frederick L. Boalt, the Newspaper Enterprise Association correspondent who sent a story to America to the effect that American marines had fired on fleeing and unarmed Mexicans at the occupation of Vera Cruz, may remain in Vera Cruz for the present, despite the deportation order issued for him. It is pointed out that although Boalt failed to sustain his charges at the Naval Board inquiry, it was not proven that Ensign William Richardson, from whom Boalt claims he got his information, did not make the statements that Boalt attributed to him.

Et Tu, Brutus—if "Movie" Crime Scenes Must Go

TACOMA, July 17.—If the City Council passes an ordinance pending before it, prohibiting the depiction of crime on the stage or the "movie" screen, Shakespearean actors among other people will do well to give Tacoma a wide berth in the future. Thirty days in jail, \$100 fine or both, will be the penalty for disregarding the ordinance and legal authorities who have examined the measure expressed the opinion that Brutus would be just as guilty, when he stabs Caesar, as Mary Pickford, when she takes a pot shot at the man who spurns her.

MOVE PLANT TO RIVERSIDE, DECISION

International Fruit Products Company to Vacate Dried Fruit House

FREIGHT LOWER AT RIVERSIDE, REASON

'Cot Men to Start Grading Fruit Monday—Expect Good Prices

The International Fruit Products Company is going to move its plant to Riverside. The main reason for making the change of location is because of cheaper freight rates which the company will have on shipping both to and from Riverside. Another reason is that the citrus belt city has furnished a building for use of the Products company.

The International company must vacate its present location in the packing house of the Orange County Dried Fruit Association by August 1, as per the contract made when the Products people took possession of the house last fall.

The Dried Fruit Association will start grading dried apricots the first of next week. Although it may be several days later before the International company starts to move its machinery this will not interfere with the apricot men's grading operations as the machinery for this work was left in place when the Fruit Products people took possession.

Expect Good 'Cot Prices
The manager of the Dried Fruit Association said today that the association expects to handle over 300 tons of dried apricots this season. The manager also stated that the outlook for the association obtaining good prices was extremely favorable owing to the great shortage of the prune crop in the central part of the state. The local association became affiliated with the California Dried Fruit Exchange this year and this fact also makes the association heads extremely optimistic as to getting good prices for the 'cots.

RAILROADS ASK U. S. TO AVERT BIG STRIKE

Government Accedes to Request—Trainmen's Strike Would Involve 80,000

CHICAGO, July 17.—The general managers of the Western Railroads, with headquarters here, today notified employees and representatives that they have asked the Federal Mediation Board to avert a strike. Representatives of the employees demanded shorter hours, better pay and better working conditions. They represent 80,000 trainmen.

Government Accedes
WASHINGTON, July 17.—The Federal Mediation Board has announced that it has acceded to the request of the Western Railroad managers to exercise its good offices to prevent the trainmen's strike. Its members are expected to reach Chicago Monday.

THE WEATHER
Fair tonight and Saturday; northwesterly winds.

HEAT AND WIND ARE FATAL IN EAST

One Dies Today of Heat in New York City—Two Killed in Kentucky Cyclone

LIGHTNING SLAYS TWO IN KANSAS AND CHICAGO

Prostrations From Heat; Damage to Property From Storms is Immense

NEW YORK, July 17.—One death and several prostrations from heat occurred here today. The suffering prevalent is intensified by the extreme humidity.

Cyclone Carried Death

HENDERSON, Ky., July 17.—Two persons were killed, several others injured and scores of buildings damaged when a cyclone struck this city late yesterday. It is estimated the damage will reach \$150,000.

Killed by Lightning

KANSAS CITY, Mo., July 17.—Thunderstorms came on the heels of the hottest day of the year in Kansas and Western Missouri, and last night most places in this section report relief from the hot wave that sent thermometers above the 100-degree mark. One man was killed by lightning, and several prostrations from heat.

Fierce Storm in Chicago

CHICAGO, July 17.—One man was killed by lightning, a number of persons were slightly injured by shocks, several buildings were damaged and basements in the downtown districts were flooded this afternoon in an electric storm which was accompanied by a heavy downpour.

Storms were general in Central Iowa and northern Illinois according to reports to the weather bureau here tonight.

The heaviest precipitation was in Chicago where 1.65 inches of rain fell in less than an hour and a half.

MRS. PANKHURST SIX ARE DEAD WORRIES HOME AND OTHERS MAY DIE

Resumes Hunger Strike After Arrest—Millais' Portrait Slashed Today

LONDON, July 17.—The home office is much worried today concerning Mrs. Pankhurst's physical condition. After undergoing a hunger strike, she was released from jail a few days ago. Last night she expected to address a meeting at Holland Park hall. The authorities sought to prevent this. When Mrs. Pankhurst reached the hall and as her friends attempted to carry her to the rostrum on a stretcher, the police took possession of her, placing the stretcher in an ambulance and speeding to Holloway prison. There Mrs. Pankhurst resumed her hunger strike. On account of her previous fast, her condition is so serious that the prison officials fear her life is endangered unless she is released. The home officers, however, failed to agree on her removal.

Several people were injured in a riot at the hall following Mrs. Pankhurst's capture.

Slashed Millais' Painting
A militant giving her name as Anne Hunt, today badly slashed Sir John Millais' portrait of Thomas Carlyle in the National Gallery, using a meat axe. She tried to use the cleaver on the gallery attendants, who overpowered her. The woman was jailed.

INSANITY MENACE TO HUNGARY

BUDAPEST, July 17.—That no less than 12,000 insane persons are at large in Hungary and are a danger to society and public safety because the insane asylums are overflowing, was the startling statement made today by the minister of the interior in the Hungarian parliament in pleading for greater appropriations. He declared there are 11,000 inmates in the state institutions for insane and 12,000 at liberty. One institution arranged and equipped for 1200 has double that number of inmates, scores of them having to sleep in the corridors and on the floors.

The entire stock of the Little Suit Shop, of Pasadena, has been purchased by the Smart Shop and is now on sale 50c on the dollar. Stock consists of ladies' Suits, Coats, Dresses, Waists and Petticoats.

HUERTA'S PARTY AT PUERTO MEXICO

Huerta Momentarily Expected; Women of Party Board Cruiser Bristol

CARBAJAL WILL RELEASE POLITICAL PRISONERS

Mexican Congress to Dissolve; New President Seeks to Placate Factions

VERA CRUZ, July 17.—Former President Huerta and former War Minister Blanquet are expected momentarily to arrive at Puerto Mexico was expected that they would embark soon on the British cruiser Bristol or the German cruiser Dresden, both of which were waiting in port.

Huerta's wife and sons, Jorge and Victor, with their wives, two unmarried daughters, Blanquet's wife, and several other refugees prominent under the Huerta regime, are already at Puerto Mexico. The women of the party have been accommodated aboard the Bristol. The men remained ashore ready to embark at a moment's notice. The American ships Des Moines and Paducah are in the harbor.

CARBAJAL ORDERS RELEASE OF POLITICAL PRISONERS

MEXICO CITY, July 17.—President Carrabal has ordered all political prisoners released at once.

Most of the superior officers of the army are remaining here, but Gen. Ramon Corona, chief of Huerta's staff, will leave for Europe today.

The standing committee of Congress at a session yesterday afternoon decided to dissolve after addressing a proclamation to the people of the country. President Carrabal conferred last night with the political leaders of the different parties, in an attempt to bring about an understanding among all factions.

SIX ARE DEAD AND OTHERS MAY DIE

21 People Injured at Hospital as Result of Virginia Train Collision

NORFOLK, Va., July 17.—Besides five people killed outright and a sixth who died three hours later, it was stated today at the hospital that several of the twenty-one others injured when the Virginia Passenger & Power Company's electric train collided with a coal train early today, may die.

RAILWAY LINE TO ROB EUREKA OF ITS DISTINCTION

EUREKA, Cal., July 17.—Eureka is soon to lose its distinction of being the largest city in the United States unconnected with the outside world by railroad.

In September the last spike will be driven in the line by which the North-western Pacific will enter Eureka by way of El river canal. The line will open a territory about 3000 miles square in extent and rich agricultural, pastorally and minerally, which has hitherto been closed to the world. The line will also be one of the most picturesque in the world.

NEW HAVEN STOCKHOLDERS SUE FOR \$306,000,000

BOSTON, July 17.—A suit for the receiver of the New Haven railroad to prosecute claims for \$306,000,000, alleged to be due the company's treasury through a breach of duty by the directors, was filed here today. The action was made an equity proceeding and was begun by a law firm representing the stockholders.

BUSINESS REVIVAL FROM BUMPER CROPS

Money Beginning To Be Nimble And Big Deals Being Closed—Railroad Companies are Active

CHICAGO, July 17.—Big business and little business, industrial and commercial, already are beginning to feel the effect of the bumper crops promised by the American farmer.

Money is beginning to circulate more freely. Jobs left vacant through the period of "watchful waiting" are being filled and transactions involving millions of dollars, which have been permitted for months to hang fire, are being closed daily.

The biggest immediate reflection of the bumper crops is shown by the railroads. Car manufacturers and railway officials throughout the country are increasing their operating forces and the working time at their plants.

Another thing besides the crops which is causing jubilation in the railroad world is the belief that with the settlement of the 5 per cent advance freight rate case this week confidence will be restored to such a degree that transportation conditions will return to normal.

The Inland Steel Company, the Illinois Steel Company, the Pullman Company and other great industrial corporations of Illinois have observed a buoyancy in their markets, but the concrete results have not yet reached them with full force.

Actual orders with these industrial concerns have increased some with greater promise held out for the near future, when it is expected thousands more workers will be needed. Three hundred more men were put to work in the freight department of the Standard Steel Car Company's plant at Hammond, Ind., last week, raising the total number now employed to 1000. Prospects are said to be good for the placing of another large shift in the passenger car department within two weeks. The company is building a large addition to its present plant to handle the looked-for business increase.

Big Steel Rail Order

PHILADELPHIA, July 17.—The Pennsylvania Railroad Company has awarded contracts for 100,000 tons of steel rails to cover the requirements of the system for 1914, for which bids were requested some days ago. The orders were placed with the following companies: United States Steel Corporation, 44,000 tons; Pennsylvania Steel Company, 22,000; Cambria Steel Company, 22,000; Lackawanna Steel Company, 6000; Bethlehem Steel Company, 6000.

All of these rails will be 100 pounds except 15,000 tons of 120 pounds, which will be used on the main line.

MRS. CARMAN IS WILSON SOLONS INDICTED FOR MURDER WORKING FOR JONES

Grand Jury Says Manslaughter in First Degree in Case of Bailey Killing

Are Hopeful for Success in Putting Him on Reserve Board; Warburg Case Quiet

MINEOLA, July 17.—Mrs. Florence Carman, against whom an indictment charging manslaughter was returned last night as a sequel to the recent killing of Mrs. Louise Bailey in the office of the former's husband, Dr. Edward Carman at Freeport, was released today on \$20,000 bail. The bond was signed by Ernest Randall and Smith Cox, wealthy residents of Freeport and close friends of the Carman family.

First Degree Manslaughter
FREEPORT, N. Y., July 17.—The Nassau county grand jury decided late yesterday afternoon to return an indictment charging manslaughter in the first degree against Mrs. Florence Conklin Carman, the beautiful Freeport woman accused of killing Mrs. Louise Duryea Bailey in Dr. Edwin Carman's office on the night of June 30.

Punishment for the crime is imprisonment for not more than twenty years. District Attorney Smith, although declining to make public the decision of the grand jury, declared himself quite satisfied with the result of that body's deliberations. And even Dr. Carman himself, despite his evident disappointment that any indictment should be decided upon, declared that things might have been much worse.

PRESIDENT POINCARÉ ON WAY TO VISIT CZAR

PARIS, July 17.—President Poincaré is on his way today to pay a visit to the Czar of Russia. The president was to embark on the new dreadnought France, at Cherbourg, and was to meet the Czar at Kronstadt. As the guest of the Russian ruler, on the imperial yacht, President Poincaré will witness a review of the Russian fleet. The president will also spend two days at Copenhagen.

PRESIDENT GOES TO WORK THOUGH NOT YET WELL

WASHINGTON, July 17.—Though not entirely recovered from his recent attack of indigestion, President Wilson went to his office as usual today. Secretary Tammuly later persuaded him to return to the White House to rest. The regular cabinet meeting was cancelled.

MAN SHOT THROUGH ARM ACCIDENTALLY

ORANGE, July 17.—J. S. Averill, who lives at the Plaza Flats, was shot through the left arm while picking blackberries along the Santa Fe tracks south of town today. The bullet came from a rifle. Averill thinks some boys were shooting in an orchard near by. The man was on his way home when he fainted, and was picked up by a passer-by.

HIGH COST OF BEEF HERE TO STAY

No Relief in Sight, Declares Melvin, Head of Bureau of Animal Industry

BEEF IS SCARCE AND THE DEMAND IS GROWING

44,000,000 Pounds of Argentine Beef Imported Last Month Did Not Lower Prices

WASHINGTON, July 17.—No relief from the high cost of beef is in sight, according to a statement made today by Dr. A. D. Melvin, head of the Bureau of Animal Industry. He said the present high prices of meat are due to undoubted scarcity and that there is no prospect of any early increase in the meat supply. Forty-four million pounds of beef were imported from Argentina last month, but these enormous shipments had no effect on the high price of meat.

Scarcity Causes Outlined

The demand for meat has grown until not only have exports ceased, but the packers are now buying cattle that were formerly fed.

This official statement is the analysis of the meat supply situation by the Department of Agriculture. Slaughter of young calves, less feeding by "feeders" and shortage of forage—mostly pasture—last year were causes assigned by the department for high meat prices. The department refused to predict a possible trend to higher price levels this fall.

Imports of beef from Argentina were noted as a very slight source of relief for consumers. The officials have a high opinion of Argentine beef under rigid import inspection rules.

TOP OF THE WORLD VISITED BY ELKS ON CLOSING DAY

DENVER, July 17.—The Golden Jubilee Reunion of the Benevolent and Protective Order of Elks was brought to a close today and the delegates by tomorrow will begin to disperse to their homes. Several thousand visitors today took advantage of arrangements made by the local lodge and went on an excursion to Corona—the Top of the World, it is called here.

Corona, on the Moffat road, is the highest point reached by a standard gauge railroad and is a region of perpetual snow. Before the day is over the Elks expect to stage a real snowball fight on the mountain tops.

The Grand Lodge officers held an informal session today and completed their work.

RETURN MATCH FOR SMITH, CARPENTIER

LONDON, July 17.—A return match between Gunboat Smith and Georges Carpentier, who defeated the American in the sixth round by a foul in the fight here last night, is practically assured for next December. Dick Burge, who promoted last night's fight, has offered a \$50,000 purse. Both fighters accepted the proposition, but Smith insisted that the winner take all. Carpentier agreed, but demanded a \$20,000 side bet. Smith will probably secure sufficient backing here.

CHILD CARRIED IN UNDERGROUND PIPE EIGHTH OF MILE

RIVERSIDE, July 17.—Carried for an eighth of a mile underground in an irrigation pipe, the two-year-old daughter of Charles Sebde, a rancher, is recovering from her experience today. While playing near an 18-inch stand pipe, the baby fell and in some way was drawn into the pipe and carried away by the current. She passed two stand pipes, presumably securing a trifle of air there. She was seized as she passed the third standpipe on an adjoining ranch. She was unconscious, but was soon resuscitated.

Gilbert's Great Clearance Sale.
Saturday we shall place on sale 200 ladies' beautiful waists at 98 cents each. Hundreds of great values a. over the store. Come to the great once-a-year clearance sale at Gilbert's. Come quick and bring all your friends.

LIST OF NOMINATIONS FOR COUNTY OFFICES COMPLETED

Yesterday Was Last Day for Filing Petitions---County Clerk Williams Makes Out Report

Yesterday was the last day for filing nomination petitions. The names of all those whose petitions have been filed will appear on the primary ballots to be used on August 25. Names of candidates for county offices will appear without party designation, excepting for state offices. Assemblyman is a state officer.

County Clerk W. B. Williams has compiled a list of the nominations received by his office for assembly, county and township offices.

That list follows:

Assembly: 16th District—J. C. Burke, Republican; Edward A. Chaffee, Prohibition; Justin H. Stewart, Socialist; Hans V. Weisel, Progress.

Judge of the Superior Court (vote for two)—Lee A. Daniel, W. F. Heathman, W. H. Thomas, Z. B. West, R. Y. Williams.

County Clerk—B. Hoffmaster, Parke S. Roper, W. B. Williams.

Auditor—Wm. C. Jerome, Cal D. Lester, Mrs. Minnie M. Wilson.

Assessor—A. E. Hawley, James Sleeper, Ed L. Vegely.

Coroner and Public Administrator—Dr. D. W. Hasson, A. C. Pritschau, Theo. A. Winbigler.

District Attorney—E. J. Marks, L. A. West.

Recorder—J. M. Backs, E. E. Duncanson, M. D. Justin Whitney.

Sheriff—Bruce Anson, C. E. Jackson, C. E. Ruddock, Howard A. Wasmuth.

Superintendent of Schools—R. P. Mitchell, Viola S. Norman.

Surveyor—J. L. McBride.

Tax Collector—J. C. Lamb.

Treasurer—J. C. Joplin, D. Edson Smith.

Supervisors—Second District, Geo. W. Moore, T. B. Talbert, L. E. Van Winkle, John Winters, Fourth District, L. E. Smith, Fred W. Struck, Fifth District, J. P. Greeley, George Jeffrey, Jasper Leck.

Justice of the Peace—Anaheim Township, Frank H. Fox, J. S. Howard, Buena Park Township, no nomination, Fullerton Township, H. E. Inskeep, R. F. Kenney, Huntington Beach Township, C. H. Howard, J. W. Shirley, C. W. Warner, Los Alamitos Township, Roy G. Parker, Orange Township, Samuel Armour, Santa Ana Township, John B. Cox, George Huntington, Charles H. Wilson, San Juan Township, John Daneli, Westminster Township, S. E. Chaffee, J. H. Hoff, S. Woodriddle, C. G. Hudson, Yorba Township, August Lemke, Placentia Township, A. M. Ashley, Stanton Township, Marshall Clark.

Constable—Anaheim Township, John

Kellenberger, Jr. Buena Park Township, I. D. Jaynes. Fullerton Township, Chas. Young. Huntington Beach Township, Eugene Davis, R. E. Linden. Los Alamitos Township, no nomination. Orange Township, Geo. L. Jackson. Santa Ana Township (vote for two), S. A. Clark, Wm. Russell Coleman, A. K. Cravath, Frank W. Heard, Henry Isenberg, C. I. Pond, San Juan Township, John T. Combs, T. A. Goodwin. Westminster Township, John M. Clark, J. O. Fulson. Fred Willis. Yorba Township, M. Boisseranc, Jr. Stanton Township, Lester C. Dale, D. L. Newlin. Placentia Township, O. H. Schumacher.

Republican Central Committee

First District. (Vote for seven)—R. A. Cushman, Chas. S. Kelley, M. R. Heninger, H. H. Hossler, J. W. Powers, S. M. Reinhaus, E. S. Wallace.

Second District. (Vote for three)—R. E. Larter, Ed Manning, J. C. Mitchell.

Third District. (Vote for six)—A. H. Brown, R. T. Davies, J. W. Duckworth, Dr. D. W. Hasson, Robt. McKee, F. H. Wessler.

Fourth District. (Vote for four)—Walter S. Gregg, William O. Hart, K. E. Watson, Gilbert D. Williamson.

Fifth District. (Vote for three)—John O. Forster, George B. Prather, W. W. Wilson.

Progressive Central Committee

First District. (Vote for eight)—C. D. Ball, Steele Finley, Sarah A. Gardner, Jean H. Grubb, S. J. Jackman, Prince L. Tople, Leonore M. Ward, George L. Wright.

Second District. (Vote for three)—No nominations.

Third District. (Vote for six)—Charles A. Campbell, Henry G. Meiser, J. W. Newell, Frank E. Proud.

Fourth District. (Vote for four)—E. W. Camfield, E. M. Crawford.

Fifth District. (Vote for two)—F. G. Freeman.

Democratic Central Committee

First District. (Vote for eight)—J. H. Cochran, Geo. A. Edgar, W. A. Greenleaf, H. C. Head, C. D. Overshiner, B. E. Tarver, Ed L. Waite, Paul E. Wright.

Second District. (Vote for three)—W. H. Bentley, E. E. French, Sterling Price.

Third District. (Vote for six)—T. Brown, J. H. Cook, L. P. Drake, S. W. McColloch, George B. Miller, J. J. Schneider.

Fourth District. (Vote for three)—A. C. Fletcher, D. C. Pixley, J. A. Smiley.

Fifth District. (Vote for three)—S. R. Jumper, James S. Rice, Wm. Wilson.

Prohibition Party

First District. (Vote for six)—Edward M. Hutchens, J. W. Nelson, Mary I. Rogers.

Second District. (Vote for five)—Chas. S. Holt, Harvey V. Newsom, E. A. Preston, Ira M. Sawyer.

Third District. (Vote for five)—Lulu Burke, Chas. S. Cox, William H. Musser, Elizabeth E. Musser.

Fourth District. (Vote for three)—No nominations.

Fifth District. (Vote for 2)—No nominations.

Socialist Central Committee

First District. (Vote for five)—No nominations.

Second District. (Vote for four)—Bruce Anson, J. H. Hoff, John Winters.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to Flush Kidneys and Neutralize Irritating Acids

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Advertisement.

BULLETIN ON DEVELOPMENT

Review for June Shows Prosperity and Progress in California

The monthly bulletin of the California Development Board follows: Weather review and outlook by G. H. Willson, forecaster, Weather Bureau. "June, 1914, was a cool and very pleasant month with more than the usual number of foggy days along the coast and much cloudiness over the interior. The warmest portion of the month was from the 26th to the end, when afternoon temperatures in the Great valley ranged from 90 to over 100 degrees.

"The rainfall was considerably in excess of the usual amount for June in all portions of the state, especially in the north, where it was about twice the normal. Some hay was damaged by the rains, but on the whole it was more beneficial than harmful.

"Considerable snow remains in the higher mountains and the streams continue to carry a large volume of water. From present indications there will be ample water for irrigation and power purposes during the summer months."

Everybody Happy in California
From all over the state the reports come: "Everybody happy; conditions never more gratifying; crops large, good prices, employment for all; money abundant; prosperity abounding as never before."

Two new irrigation projects are placing water on 20,000 acres of land in Shasta Valley, near Montague, and a power company is extending its lines in the same territory for light and water.

Plans for the subdivision and mar-

keting of the 17,000-acre Santa Rosa ranch, Santa Barbara county, are completed and the land will soon be on the market.

A tract of 1400 acres in Yolo county has been purchased by an English syndicate, which will devote the entire ranch to the raising of fine bred stock.

The city of Richmond has let the final contract for the tunnel and wharf, which will give it full control of the water front. It will have a direct ferry line to the Panama-Pacific International Exposition.

Practically the entire stretch between Lone Tree and Honcut, comprising 3000 acres, has been brought under irrigation with water secured from wells, none of which require a greater depth than fifty feet.

Stockmen are bringing feeders into the state by thousands, owing to abundant pasture.

The first Chul wheat has just been harvested in California, near Waterford, in Stanislaus county.

Big Crops All Over the State
Kings county is shipping a record crop of barley, which is a bumper crop this year all over the state. It is estimated by one of the best authorities in the trade at 1,000,000 tons.

The pack of canned fruits in California promises to make a new large record. Good authorities place it at 25 or 30 per cent larger than last season. A number of new canneries are in operation, all running to capacity.

Green fruit shipments have not been interfered with, there having been 1026 cars shipped up to the 17th inst., against 471 last year.

Citrus fruit shipments to the 15th inst. were 38,503 carloads (of which 6417 were lemons), against 15,100 carloads (oranges and lemons) same date last year.

California production of oil for May was close to 9,500,000 barrels, probably the largest in the petroleum history of the state or the world. At the rate so far, the production for the year will be over 100,000,000 barrels, worth \$60,000,000.

From results obtained at Folsom and Bakersfield, as well as in Tulare county, the growing of Turkish tobacco promises to become a general industry in several counties.

California's auto registrations for June were 4380, according to the report of the Department of Engineering.

Expositions Nearly Ready
Ten of the exhibition palaces of the Panama-Pacific Exposition are already completed. The other two main buildings are 55 per cent finished and exhibits can be installed at any time.

One installation, involving an expenditure of \$700,000, has been commenced in Machinery Hall. San Diego is also pushing its buildings rapidly toward completion.

2 STAGE ROBBERS WITH LOOT ELUDE PURSUING POSSES

CALUSA, Calif., July 17.—No word had been received this morning from the posses pursuing the two highwaymen who late yesterday held up the Williams-Bartlett Springs stage.

Being up the passengers and taking their valuables. The posses are searching in the vicinity of the Erin grade.

HE WOULD SIMPLIFY SCHOOL RECORDS AND BUSINESS METHODS

Candidate for State Superintendent Visits Santa Ana and Gives Ideas

Hugh J. Baldwin, candidate for State Superintendent of Public Instruction was in Santa Ana yesterday in the interest of his candidacy.

Mr. Baldwin has served in the public schools as teacher, principal, and superintendent. He has been president of the State Teachers' Association, is now a member of the Council of Education and is completing his fourth term as superintendent of schools of San Diego county. He has long been prominently identified with the State Humane Society, Juvenile Courts, Probation Committees, etc. In a word, he has always been active in the interests of child welfare and the cause of education.

Among other ideas Mr. Baldwin has about school management is one of a very practical character. In discussing it with a representative of the Register, he said:

"Shall the school boards be permitted to run the schools on business principles and thereby save to the state of California between fifty and one hundred thousand dollars?"

"Is it necessary for four persons to be repeating the same bookkeeping in the fifty-eight counties of California?"

"When the board of supervisors has a service rendered and the bill for the same is found a legal charge, the auditor is instructed to issue a warrant on the county treasurer to pay said bill."

"When the school board has services rendered, an order is issued on the county superintendent of schools for his inspection and approval. A

LISTEN

I have more acreage than I can care for properly, so am going to dispose of some of it. Therefore, if you want to get a good ranch, large or small, and have a little money or a clear house in Santa Ana, come in and talk business with me. This is my property and I will give you the benefit of any reductions in price. No agents recognized and no commissions paid. Following are a few properties:

From one to twenty acres of fine young Valencia, in any size tract you want. Fine soil, lots of water, good roads and close to town. \$1000 per acre.

Twenty-one acres, 18 acres in walnut trees, interest with antiques, 2 acres vacant. Good crop on the trees. Well located and good income property. \$25,000. Make your own terms.

2½ acres or 5 acres, on South Main St., just outside city limits, fine soil, paved road, make swell chicken ranch, truck farm, etc. \$600 per acre, one-third cash. Beautiful home, one-half block from West Adams street, in Los Angeles. Modern, close in, swell surroundings, rented at \$50 per month. Will trade for Orange county property. \$12,500.

TAYLOR MONTGOMERY
Room 14, First Nat'l Bank Bldg.

record is kept by the bookkeeper of the school board and a similar record by the bookkeeper of the superintendent of schools. The holder is then instructed to interview the auditor who examines and allows the same; and the auditor's bookkeeper makes a record thereof. The holder of the warrant is then instructed to go to the county treasurer. If the treasurer finds it a legal claim, he pays it and his bookkeeper makes a similar record.

"Thus, in school management four sets of books are kept. Business men in general do not complain of the cost to the county for this unnecessary bookkeeping, but they strenuously object to the loss of time occasioned by tramping from one to another of four sets of offices. The system is antiquated, out-of-date, unnecessary."

"Let us turn our faces to the East and learn a few lessons in economy. How long would this system last in Massachusetts or any of the other eastern states? Let this money be spent for the welfare of education or abolish the unnecessary offices and save that to the people."

"I am in favor of a law that will provide all the necessary protection to the people in this particular and at the same time permit the county superintendent and his deputies to attend to the educational work of their respective counties."

CHINESE LEADERS IN SAN FRANCISCO

Here to Study American Forms of Government—Price on Their Heads in China

SAN FRANCISCO, July 17.—With a price on their heads because of their activity in a movement for the overthrow of Yuan Shi Kai, the president of the Chinese Republic, five Chinese, who represented the "anti" element, arrived here yesterday on the liner Tenyo Maru. The party is headed by General Hwang Hsing, who led the Republican forces in the first revolution in China and who was minister of war and chief of the general staff of the first provisional government.

General Hwang and his party said that they are here for the purpose of studying the political conditions and governmental forms of the American Republic in order to prepare themselves for greater service to China.

BAD POLITICS IS BAD BUSINESS

In a leading editorial strongly commending the administration of the assessor's office by James Sleeper, the Anaheim Gazette says:

We have information that a slush fund has been raised to defeat this man, as well as other county officials who have stood manfully by him in his good work. The men marked out as special objects of attack by these would-be tax dodgers are Assessor James Sleeper, County Clerk W. B. Williams, and Supervisors Talbert, Struck and Leck, who as members of the county board of equalization have stood behind the assessor, safeguarding the interests of the taxpayers of the county. These men have been the objects of spiteful attacks on the part of people who walk and talk in their sleep, but we believe they have the support of the rank and file of all good men and women throughout the county.

In thus expressing itself the Gazette simply puts into public print what has been purveyed all over the county by word of mouth.

The Register has no knowledge of the facts in this matter; they are hard to obtain in a case of this kind; indeed it is almost impossible to obtain facts of this nature that can be proved.

But if it is a fact that an organized and financed fight is being made on Sleeper for doing what he believes to be his duty, and on Leck, Talbert, Struck and Williams because they are backing up the assessor, then that is good reason why all conscientious voters should rally to the support of the candidates thus attacked.

Big interests, whether of oil or lands or banks or bondholders or what not are entitled to fair treatment always, just as the smallest taxpayer is thus entitled; but when public officers are attacked by monied interests and by monied methods for doing their duties as they see them, the very citadel of civic righteousness and the cornerstone of the arch of representative government are assailed.

In saying this it is not meant to say that the judgment of the assessor and board of equalization is infallible, or even that it is sound in the matters involved in this controversy. We do not know the facts, but we have confidence in their judgment and believe it is sound. If it isn't, those who believe their properties have been exorbitantly assessed can get relief through the courts.

And that is just the point. The assessor and supervisors have conscientiously done their duty as they see it, and are not justly subject to political or personal attack therefore. If they have erred in judgment it could easily be so proven in the courts. And then the question at issue would be really settled, and a valuable precedent would be established. The injured interests would get real and permanent relief.

On the other hand, no relief is obtainable by political attack. Even if the attack should be successful its only net result would be revenge. It would neither get the money back nor insure favoring assessments in the future. Moreover it would split the citizens up into factions, foment strife and lead to bitter and long-drawn-out controversy; a community condition that is the very nemesis of progress and prosperity.

SPEAK WELL OF YOUR TOWN

There are few things more discouraging than to hear a person disparaging and criticizing the town in which he lives. Loyalty to the home town is one of the prerequisites of good citizenship and it is true always that the best citizen, the one who is most valuable to the community, is not the one who is constantly complaining and criticizing, but is the one who, with cheery smile and pleasant word of greeting for all, always has a good word to say for the town and if some things are displeasing, puts forth his best efforts to enlist the aid of the citizens in correcting the faults. The knocker is a mighty poor asset to the community, even though he may be a large taxpayer. The man who boasts, day in and day out, who forgets the disadvantages of his home town, is the one who is helping to make the town better and brighter and to add to its attractiveness, even though his bank account be small and his opportunities for helping in a financial way be limited. Let's all boost for our town and let the world know that we not only think it is the best town in the country, but that it actually is the best.

Just received the newest in large hair pins.
MRS. C. B. CAVINS, 408 N. Main St.

POLITICALLY SPEAKING

What the County Papers Are Saying.

Anaheim Herald: Women are taking considerable interest in politics this year. In fact, at this early period in the campaign they seem to be taking more interest in the selection of candidates than is the case with most men.

Particularly are they interested in the selection of a person to fill the position of county superintendent of schools. At the meeting of the Orange County W. C. T. U. Mrs. Viola S. Norman, of Santa Ana, a candidate for this position, met with a flattering reception.

Mrs. Norman is thoroughly capable of filling this most important office. She is a normal college graduate, finishing with a course at the State University, and has taught school for a number of years. At the present time she is a member of the Board of Education of Santa Ana.

Fullerton News: The campaign of James Sleeper for county assessor involves an issue of importance and somewhat unusual in a county campaign. In short, shall the people keep in office a man who has successfully grappled with the big money interests of the county, who has taken the side of the common people and the small taxpayer against the side of the corporations and men of wealth?

When Sleeper came into office three and a half years ago he found that the small taxpayers were paying too much taxes in proportion to the big interests. The injustice of that condition is apparent when it is remembered that the small taxpayer spends practically all of his income in the county, while the big interests were making profits in this county and investing those profits elsewhere.

Sleeper put the oil wells, the big ranches and the mineral rights where they belong in the assessment column. His work has been one of determination to do the right thing; and, though forces have threatened to oust him if he continued in shoving the big fellows up to the point where they were paying just taxes, he has heeded to the mark. His career in office has been one of the most important developments in the political history of this county in the last year. He is going out on his record, and asks no man to vote for him unless that man be thoroughly satisfied that the record is what it ought to be. Good judgment in equalizing assessments of properties in the same neighborhood, the evident desire to do the fair, square thing and the force of character to carry out the line of action that duty made plain has put Sleeper in a position that has secured him the support not only of all of his friends but also of all persons who believe in efficiency and a square deal for all.

Santa Ana Bulletin: Some of the candidates are proving great cam-

paigned, and there is Bill Jerome, candidate for auditor, who has surprised all by his get-up-and-get. They do say Jerome is a sure winner, and the people will surely make no mistake if he is elected.

This is found in the Tustin News credited to "Exchange." On the ground that it is not good business to fire a man who has made good, Jasper Leck of Tustin is getting strong support for re-election as supervisor of the Fifth district. Naturally a good executive, Leck in office has become thoroughly acquainted with the workings of county affairs, and it is argued for him that he is in a position to be worth a great deal more to his district next term than would any new man. Leck's road work has been his pride, and it is a well known fact that he goes to no end of personal trouble in order to get results for his roads. The honesty of Jasper Leck is proverbial. His attitude toward the public is that of service and doing things that ought to be done in the way they ought to be done, that of maintaining economy in keeping with progress and development, and of securing a square deal for everybody.

Placentia Courier: James Sleeper has proved himself to be anything but a "sleeper," so far as his official duties as county assessor of Orange county are concerned. We believe it to be a fact that his appointment as assessor was more than fortunate for Orange county. He has, we believe, treated everybody and all interests fairly, but he has seen to it that the people and interests who for many years past got off very lightly, so far as their assessments were concerned, were fairly assessed. He started in to do this and he put it through. That's the whole story, so far as Jim Sleeper's official record is concerned, but it was a man's job to do the work he undertook and carried out successfully. He made some enemies, we suppose, but he should have gained the friendship and loyal support of a vast majority of the taxpayers.

Santa Ana Blade: The Blade is accustomed to saying kind things regarding Judge Z. B. West, one of the present judges of the Superior Court and who is a candidate for re-nomination and re-election. And certainly this paper is not going to, at this time, retract anything it has previously said as to Judge West's splendid standing as a citizen and judge who is always anxious to do that which is right. It is going to be hard to "pick a winner" for the two superior judgeship nominations at the approaching primary; this is generally acknowledged. But it is easy enough to acknowledge that Judge West has always been conservative, just and fair.

The Political Watchtower

J. C. JOPLIN

J. L. MCBRIDE

J. C. LAMB

The time has come for us to consider. Consider what?

Why, consider who is elected. Didn't you know there was an election that ended yesterday?

Well, it wasn't an election where you had a vote, but it was just as good as an election, for yesterday was the day that decided beyond reasonable question who is going to fill some of the county offices during the next term.

Three county officers slipped by yesterday. They are County Treasurer J. C. Joplin, the oldest hand at politics in the courthouse; County Tax Collector John C. Lamb, who laid low and said nothing, and County Surveyor J. L. McBride, who was so busy he forgot to look for an opponent and wouldn't have cared if he found him.

Wait a minute! We forgot the Socialists. They have candidates for the treasurer's office as well as for some others. But there is no reasonable question about the result.

Some of the justices of the peace and some of the constables are elected by the same circumstances.

Young men for war, old men for counsel. Now J. C. Joplin is not as young as he used to be, but take it from the Townsman there are a number of would-be treasurers who walked up to his counter, looked him over, and concluded that the "old man of the courthouse" had more war in him right now than he ever had, and that his grip on Orange county voters had grown firmer with age. The detailed history of how the would-be quietly backed away from the counter and faded away is too long to print. Suffice it to say that the people know that in Joplin they have a guarantee that every last cent of the county's money is there, and the people know it. And that is one reason why his grip has the gift of grappling hooks.

Let's see. It was in 1899 that he first took office. In 1902 he was shoved out by a shave by W. G. Potter, but in 1904 he shoved out Potter by a shave, and in 1910 he was again elected, that time by 500 votes, the only Democrat in the courthouse until Sleeper got in by appointment. Now Joplin is going back for another term, which will end in 1916.

That's some batting average, folks. Yes, indeed. Out of five times up he has knocked out four home runs and fanned only once. And he is a Democrat, too, which explains nothing, but adds to the marvel.

reason for the "twice" is that the Socialists held fast to their plan of putting out a full county ticket, not hoping to elect their candidates, but hoping to strengthen their party. The result is that some of the elections that otherwise would have been decided in the primaries. We have in mind some three or possibly four fights that we predict will be settled on August 25, regardless of the presence of Socialist names on the ballot. We think that at least each of three candidates is going to get more votes than his two opponents, and thus with a majority of votes cast squeeze all names but his off the ballot. A candidate who does that will have to go some, for it is our Watchmanlike opinion, taken in doses through the spy-glass, that each Socialist candidate is going to get from 800 to 1200 votes, not only because he is a Socialist, for the Socialists will vote for him because he is a Socialist, but also because a lot of others will vote for him not knowing he is running as a Socialist, no party designation appearing on the portion of the ballot devoted to county officers.

The busiest man in Orange county these last few days has been W. B. Williams, the county clerk. Barrels of nomination petitions and initiative and referendum petitions have been shoved across the counter to him. On top of them come the closing days of registration, July 25 being the last day, and the preparation of ballots and election supplies, in addition to the regular work of the office. Never in the history of the county has the office had a rush like this.

It is a man-sized job, and Williams is cutting the mustard. Eleventh hour candidates were not numerous, outside of the dozens of candidates for positions on the various central committees. All of the parties waited until the end of last week before getting busy with nominations for electing central committees by supervisors districts and by ballot. There will be not even one contest for committeemen, for just enough nominations have been made to fill. With central committeemen, as with all offices, there is nothing to prevent voters from writing in names, but you know as well as I do that this thing of writing in names on a ballot rarely gets anywhere as against the printed names.

But to get back to the eleventh-hour candidates. The two most eleventh-hour ones of the bunch are Dr. D. W. Hanson of Buena Park, who last Thursday all of a sudden shook out his lariat for a throw at the office of

coroner and public administrator, and Fox of Anaheim. Fox is a barber, and possibly the success of a Santa Ana barber, J. Belshazzar Cox by name, in the office of justice of the peace, had something to do with the fever that attacked Fox of Anaheim. It looked as though our old friend, Judge Howard, was to go back for another term, when just a day or two ago up comes Fox. Fox will find Howard a hard fox to catch, how hard remains to be seen. Howard is a photographer—and a good one, too—and he thinks he can get Fox's picture on August 25.

Last week the Watchtower gave forth a conclusion that this week the various candidates would be asked to state their position on California Dry. Today a number of aspirants for county offices received through the mail a circular stating that the County Dry Federation was to meet at Huntington Beach today. The circular, signed by M. A. Turner, president of the California Dry Federation of Huntington Beach, says:

"Plans to make California dry will be presented to the people. All candidates for office, of any party, who will support this measure, are urged to be present or send statement to be read at this meeting."

It looks like a hurry-up call. The summons was received on the day an answer is expected. Suppose a candidate before receiving the circular got an early start into the country to see the voters and does not get back until after the meeting?

Fate played a mighty mean trick on Howard Wassum this week. Wassum is a candidate for sheriff, and everybody knows that candidates for sheriff are leaders in the hand-shaking parade. When Wassum showed up to the street with his strong right hand in a bandage it was thought that the campaign may have put in to the bum. Not so. A coal-oil stove out at his house went bad, and when Wassum rushed in in response to a call he found fire blazing from it to the ceiling. Wassum laid hold of the stove, which was hot. Wassum was so used to shoving out his right hand, that on this occasion it was his right hand that got into the thick of it. The left hand was blistered in spots, but the right hand was burned bad enough to call for a few days' lay-off. That is the reason Wassum has been shaking hands with his left. By the time the right gets in use he can shake with both hands with equal facility, and in campaign times that is an art worth acquiring.

POLITICAL CARDS

(Primary Election Aug. 25, 1914)

HANS V. WEISEL

of Anaheim, announces his candidacy for re-election to the legislature (ASSEMBLYMAN) of California as representative of the Assembly District composed of Orange County, subject to the decision of the Proprietary voters at the August primary election.

Doings In Social and Club Circles

AFTER DINNER PROGRAM

Hoosiers Heard Good Greetings, Songs and Recitations; Officers Chosen

Following the splendid picnic dinner over which Mayor Ey and C. S. Shaw had each made interesting addresses, with Mr. Shaw reciting a humorous selection for good measure, the Hoosiers who met yesterday in the annual Indiana picnic at Birch Park, enjoyed an excellent after-dinner program. Following greetings by President J. O. Burbank and the giving of the following toast: "Here's to good old Indiana—I'll ever love her, and I'll never go back on her—nor even go back to her," the minutes were read by the secretary, Mrs. I. D. Mills, and officers elected for the coming year. The new officers are: President, John H. Rankin; vice-presidents, W. H. Trueblood and Samuel Fuller; secretary, Mrs. I. D. Mills; assistant secretary, Mrs. Charles H. Taylor; treasurer, M. Phillips. The executive board comprises the past presidents of the association.

Business over, an impromptu program was opened by Mrs. J. U. Vian, who recited "Do They Miss Me at Home?" responding to an encore with "Pap's Expression." J. O. Burbank sang an original song about the Panama Canal, and a recitation on "The Olden Days" was given by Mrs. L. H. Talbot. Mrs. Talbot gave "I Ain't Goin' to Cry No More" as an encore number. Mrs. Mills admirably read "Looking Back" and Mrs. A. J. Hall recited "The Literary Section" and "Going Fishing," both being well received. All the readings and recitations were from the writings of James Whitcomb Riley.

Greetings were given by Mrs. Cox of Crawfordsville, Indiana, followed by the singing of "Johnny Smoker" by M. Phillips. Mr. Phillips is famous for his rendition of this classical song. The day was one of genuine pleasure throughout, and the Indiana people who met together yesterday will long remember the occasion. Especial credit is due for the success of the event to Mrs. L. D. Mills and G. J. Moebeach for their untiring efforts. Bouquets of gorgeous gladioli were presented by A. S. Davis for the adornment of the picnic tables. His thoughtfulness was much appreciated. There were between one and two hundred people present to enjoy the day.

Revisits Santa Ana

W. H. Ham of Colton, came down for a day's visit with his cousin, Mrs. Hattie Bradbury and her parents on East Walnut street. Mr. Ham has been in the employment of the Southern Pacific for thirty-five years, and was conductor between Colton and San Bernardino for fifteen years. For the last twenty years he has been foreman of the round house at Colton.

PLEASANT CLUB MEETING

N. M. U. Girls Entertained at Home of Misses Gertrude and Frances Potts

One of the pleasant meetings of the N. M. U. Club was held last evening at the Potts home on Ross street, Misses Gertrude and Frances Potts being the hostesses. Almost all of the members were present, and as usual had with them bits of dainty needlework over which they busied themselves during the merry conversation that prevailed throughout the evening. The rooms were prettily decorated with pink flowers, and the same color scheme of pink was continued in the dainty refreshments served at a late hour in the evening.

A letter from Miss Joy Baker, a member of the club who is at present enjoying a delightful vacation trip in the north with headquarters at Portland, Oregon, was read to the young women. Miss Baker's greeting was greatly enjoyed.

Those of the club who were present last evening were Misses Josephine McClory, Lurline Dickey, Marguerite Wallace, Alice Vasser, Hazel Stockslager, Zoe Vanderlip, Lina Stafford, Adeline Hill, Gertrude and Frances Potts.

The next meeting will be held with Miss Lurline Dickey.

AMUSEMENTS

Clune's Program

The program at Clune's Santa Ana Theater for the last half of this week is a very entertaining one, the feature of which is the excellent dog act. The canine actors present a series of statue tableaux. High praise can be given the dogs' trainer, for the manner in which the animals sense their parts is nothing short of wonderful.

Uline and Rose are another pair of those comedians who never fail to take with a Santa Ana audience. The Pathe Daily News and Hearst-Selig Weekly present all that is latest in the doings of the world at large. These pictures alone some people consider as worth the price of admission. They are taken at very high expense and present to view happenings which read about in a newspaper would give a very vague impression.

"Our Fairy Play," a Vitagraph special, is a scream from start to finish, it being better in its burlesque features than the immortal "Goodness Gracious."

Splendid music rendered by Clune's orchestra make up a regular good program.

TEMPLE THEATER

The magnificent production of "The Count of Monte Cristo" now being presented at Temple Theater is drawing large and appreciative audiences. James O'Neill, the famous actor, is seen at his best in this play which affords large opportunity for expression of strong emotions. Love, hate, hope, despair, courage, bravery, all leading to final success of his life-like fidelity by this master artist.

It is the first time in the history of Santa Ana that such great productions as this have been shown in any play house. They are reproductions of plays which, when originally seen cost from one to three dollars a ticket, but now from 10 to 20 cents at this theater.

The orchestral selections played at Temple Theater yesterday were charmingly rendered and elicited much applause. Miss Alice Carrico's violin solo, "The Rosary," was especially fine and played with rare skill and execution. Miss Carrico is an artist of wonderful ability, and her associate performers are an musicians of high order. A number of selections are played as a prelude to each performance affording patrons a rare musical treat.

Just received the newest in large hair pins.
MRS. C. B. CAVINS, 408 N. Main St.

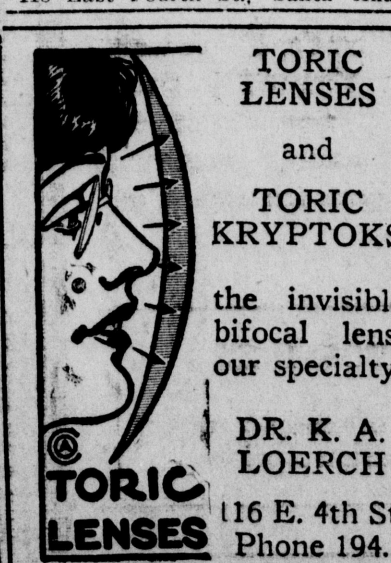

—Dr. James W. Shaul, Eye, Ear, Nose and Throat. Suite 417-19 Hoiingsworth Bldg., Los Angeles. Will be in Santa Ana afternoons.

Fits-U Eyeglasses

You need not look older because you wear glasses. Fits-U Eyeglasses with our Toric Lenses are quite becoming.

C. P. KRYHL & SON,
Jewelers and State Registered Optometrists.

Boys' Suits all going at . . . 25 per cent Discount

Many more bargains awaiting you.

Vandermast & Son.

Personals

Mrs. J. P. Baumgartner, Mrs. John Traylor, Mrs. H. T. Duckett, Mrs. Cal Lester and Master John Traylor, motored to Newport Beach this morning, spending the day at the seaside.

Mrs. Horace McPhee, Miss Claire and Douglas McPhee, went to Los Angeles this morning via the Pacific Electric line, going to visit Mrs. Lawrence Bristol, whose little son Horace is ill with bronchitis. Mrs. McPhee and Douglas return this evening but Miss Claire will remain at the Bristol home till the first of next week.

Mrs. Philip Allen went to Newport Beach this morning. She met friends here and will remain at the seashore for several days.

D. W. Sturgeon, W. B. Martin and F. P. Kingery went today to Cardiff-by-the-Sea by motor. Their trip was taken to inspect ranch property in that vicinity.

Mrs. Olive Lopez and family and her house guest, Mrs. W. H. Schwalm of an Bernardino, left yesterday evening for Newport Beach where they will remain until Sunday evening.

Mrs. Walter Finch and little son who have been visiting at the home of Mrs. Finch's mother, Mrs. James Harrison, 816 North Bush street, returned last evening to their home in Fullerton.

Mrs. W. S. Dearing, Mrs. James Harrison, Miss Goodman and Miss Hill boarded the Newport Beach car this morning, going to East Newport to attend an Episcopal church meeting being held there.

Miss Eva Cramer from Los Angeles, is visiting her friend, Fanny Nasatir.

Miss Florence Curtis of Los Angeles, is visiting at the home of Mrs. R. A. Deacham, 903 West Fifth street.

MASONIC NOTICE

Called meeting of Santa Ana Lodge, No. 241, F. and A. M., Saturday evening, July 18, at 7:30.

The work of the Third Degree will be exemplified by the officers of East Gate Lodge of Los Angeles. Supper will be served at 6 o'clock.

All Master Masons are cordially invited to be present to give our visitors a hearty welcome.

PRINCE L. TOPLE, W. M.

TRIED RECIPES

Strawberry Shortcake

Mix and sift two cups flour, four teaspoons baking powder, one tablespoon sugar, and one-half teaspoon salt. Work in one-fourth cup butter, using he tips of fingers, and then add one egg, beaten until light, to which has been added one-third cup milk. Toss on a slightly floured board, and divide into halves. Pat roll out, and bake in two buttered round layer cake tins. Split and spread out surfaces with soft butter. Wash, pick over, hull, and cut strawberries in halves, sprinkle with sugar, place on back of angel until warmed, crush slightly and put between and on top of shortcakes. Cover with whipped cream, sweetened and flavored with vanilla, and garnish with selected strawberries.

Strawberry Ice Cream

Wash, pick over, hull, and mash one quart strawberries. Sprinkle with one cup sugar, cover, and let stand two or three hours; then squeeze through a double thickness of cheese-cloth. Mix 1/2 cups heavy cream, 1 1/2 cups milk, whites of four eggs, beaten until stiff, and one-eighth teaspoon salt. Freeze in a mush, using three parts finely crushed ice to one part rock salt. Add fruit juice and continue the freezing. If the fruit is acid more sugar may be necessary.

Preserved Strawberries

Wash, pick over, hull and measure strawberries. Put in a preserving kettle and add three-fourths their measure of sugar. Bring to the boiling point and let simmer until fruit juice will fall when a teaspoonful is cooled on a saucer. Fill preserving jars to overflow, and adjust bands and cover.

Prune Ice Cream

Pick over one cup prunes, cover with 1 1/2 cups cold water, and soak

CONTEST IS ENDED WITH BIG SUCCESS

(By Staff Correspondent)

ORANGE, July 17.—The first round of entertainment in the Fraternal Aid membership contest was concluded last evening when the Justice section gave an excellent account of themselves in a program of music, singing, and a mixture of elocution and vaudeville. Chief Justice W. W. Perry and his cohorts must be making a strong showing in the contest, judging from their efforts of last evening. It was most assuredly a success.

The dining room was in blue crepe paper, and the table in fern and plum-bago, forming a very tasty effect, the blue of Justice being predominant in the color scheme.

It was a very satisfied crowd, and likewise the largest one that has attended the F. A. A. in years that sat down to refreshments of peaches and cream and cake at the close of the program.

The program was given as follows: Orchestra—D. C. Drake, A. D. Bishop, W. A. Knuth and Miss Gertrude Perry.

Recitation—Mr. Bishop.

Violin Solo—J. W. Hirth.

Vocal Solo—Mrs. Marian Pruitt.

Address—D. F. Campbell.

Recitation—Mrs. C. B. Christenson.

Sketch—H. Handy and C. B. Christenson.

Violin Solo—Mr. Bishop.

Recitation—W. W. Perry.

Vocal Solo—Miss Rose Pharis.

Reading—Mrs. C. O. Field.

Vocal Solo—Mr. Christenson.

Violin and Mandolin Duet—Mr. Bishop, Mr. Knuth.

Recitation—Mrs. Pruitt.

Violin Solo—Mr. Drake.

Vocal Solo—Mrs. Albert A. Lee.

Sketch—Mr. Perry, Mr. Handy, Mr. Morrow.

Arnold A. Perrelet, formerly of Olive, was killed Tuesday at Redding, in the northern part of the state, when he stepped in front of a train on the Southern Pacific.

The young man was 27 years of age and leaves a wife. He was the stepson of H. C. Myers, who now resides at Long Beach, and in his boyhood attended the schools in Orange.

The funeral will take place at 1:30 p. m., Saturday, in Long Beach. Services will be held in the J. J. Motter undertaking establishment. Burial will be made in Sunnyside cemetery.

Miss Hazel Crawford and Miss Bertha McGrew left yesterday morning for San Diego mountains to spend a month.

Mrs. Hattie Ross of Santa Barbara, arrived yesterday for a visit with her mother and brother, Mrs. M. C. Jackson, of South Orange street, and G. Logan Jackson, of East Palmyra avenue.

Miss Clara Carriker is home from Santa Monica after a visit of ten days. She was accompanied by Miss Anna Kindt, a trained nurse, who expects to remain in Orange. Miss Kindt is a graduate nurse from the McPherson hospital in Kansas.

Miss Lottie Carriker and her friend, Miss Ruth Pierson, of Los Angeles, are spending today in Orange.

C. Kurlie is nursing a fractured wrist which he received several days ago while at work in the Griffith lumber company's mill. Mr. Kurlie lost two fingers in an accident several years ago at the same place. The fractured wrist is giving considerable trouble and it is thought that it may be a double fracture.

Miss Fidelia Molino of Yuma, Ariz., is here for several days as the guest of Miss Anita Willets, on East Chapman avenue.

Mr. and Mrs. J. L. Rector of Lancaster, are here for a visit with friends.

Mr. and Mrs. J. F. Burr have returned from Elsinore, where they spent two weeks.

Mr. and Mrs. Henry Meehan and Mr. and Mrs. C. J. Porter motored to Los Angeles yesterday to spend the day.

Miss Lola Field of Los Angeles, is here for a visit with her uncle, C. O. Field, and other relatives.

Mrs. R. Donaldson of North Platte street, is reported on the sick list.

Among today's visitors in Los Angeles were: Mr. and Mrs. Paul Hedder, Miss Clara Bunke, John Schmidt, Mrs. Logan Jackson, Mr. and Mrs. P. C. Hilyard, Mrs. Emma Buszek, Mrs. F. Showalter and daughter, S. A. Marsden, George Shaffer.

Remarrying at Forty-seven

In the July Woman's Home Companion a widow tells why she is going to marry at forty-seven. She opens her article with the following somewhat breezy statement of the facts:

"I am forty-seven years old and I have been a widow seventeen years. I have wanted to marry again full fifteen years of my widowhood, but I didn't have the courage to do it till about a month ago. Merriam couldn't be more shocked if the minister's daughter had eloped with an actor. Almost to a woman my neighbors have said: 'Well, Louisa, I suppose you have your reasons, but it does seem strange—at your age—'

"What's the matter with my age?"

"I'm just in the prime of life, stronger than either of my daughters when it comes to housework. There's not a gray hair in my head and my skin is like a girl's. Not that looks count so much, nor that I am vain, but I rather object to their laying me away on a shelf at forty-seven, when, if I follow the example of most of my ancestors, I'll probably live till I'm seventy-seven—thirty years more."

Scouring Paste

To make a good scouring paste for boards, work into a paste half a pound of soft soap, half a pound of sand and a quarter of a pound of lime. Put it on with a scrubbing brush instead of soap, and then wash off with plenty of clean water.—Racine Journal.

FIRST BOOKS FOR CHILDREN

Pioneer of Juvenile Literature Was John Newbury—Immortalized in "The Vicar of Wakefield"

John Newbury was really the pioneer of the children's books which he advertised so ingeniously, and the two hundredth anniversary of his birth is worthy of remembrance. His "Juvenile Library," commenced about 1750, was the first attempt to provide the children with readable books, and it was in this series that "Goody Two-Shoes," "Giles Gingerbread" and "Tommy Trip" first made their appearance in print. Goldsmith, who wrote a good many of these children's classics for Newbury, termed him the "honestest man in creation," and immortalized him by a pleasing portrait in "The Vicar of Wakefield."

To Take Out Fruit Stains

In the "Exchange" department of the July Woman's Home Companion—a department devoted to household suggestions made by contributors out of their practical experience—appear the following suggestions as to the best ways of removing fruit stains. The first is contributed by a New York woman and the second by an Iowa woman:

"Whenever I find a fruit stain on tablecloths or napkins, I wet it with a little camphor. If this is done before the stain has been wet with water, the stain will entirely disappear when the articles are laundered."

"To remove fruit stains from table linen easily and surely, simply moisten the stain with pure glycerin before sending clothes to the laundry. Twenty-five cents' worth of glycerin will probably last the ordinary family a year or more, at least."

AT THE COURT HOUSE

SAY THEY PAID FOR RIGHTS TO WATER

Witnesses Knew Nothing of
Bonds When They Got
Contracts

Judge Thomas' court has been well
attended by Yorba Linda citizens the
entire week.

Several interesting light clashes oc-
curred between Attorney Farraher,
for the water users, and Attorney
Barnhill for the Janss Company, al-
ways ending pleasantly.

Several witnesses were on the stand,
among whom were Rev. W. H. Ber-
tram, V. W. Barnes, George Parman-
ter, Mrs. Bert Shaw, George Skelly, C.
F. Klingberg, George Herriman, J. A.
Logsdon, Bert Shaw, O. M. Bryn and
others. All gave very definite testi-
mony as to the representations for wa-
ter rights at the time of buying prop-
erty. These witnesses nearly all say
that the people paid \$50 per acre in
addition to the price of land for their
water rights. The plaintiffs allege
that the Janss Company after it issued
the contracts on this basis, floated a
bond issue of \$175,000.

Opposes Allowance
Today Ray A. Wilson filed a remon-
strance to the petition of Mrs. Stella
M. Wilson for an allowance from the
estate of I. O. Wilson, who was her
husband at the time he died. Mrs.
Wilson has asked for an allowance of
\$50 a month from the estate. Wilson's
objection states that although his fa-
ther's estate is appraised at \$20,551,
there are mortgages and debts against
it of about \$9000. Moreover, it al-
leges that the only good income
property in the estate is the North
Main-street home, upon which Mrs.
Wilson has put a homestead. The ob-
jector alleges that Mrs. Wilson has
property worth \$25,000, and the court
is asked not to allow her a monthly
allowance from I. O. Wilson's estate.

Temporary Permit
Mrs. Susanna Bixby Bryant has given
notice to the Board of Supervisors
that permission to use a private road
in order to give a road around some
of the good roads work being done in
the Santa Ana canyon, is only tempo-
rary, and for a period of not over six
months. She states in her letter that
she has written on the advice of her

attorney. A letter from the super-
visors stating that it considers the
permit as giving the county no rights
in the road is requested. Mrs. Bryant
owns the ranch known as Rancho San-
ta Ana.

Divorce Matters

Suit for divorce has been brought
by Uvaldo Caro against Jennie Uval-
do. A. D. Trujillo of San Bernardino
is attorney for the plaintiff.

A final decree of divorce has been
given George M. Young against Ne-
vada A. Young. H. C. Head is attor-
ney for the plaintiff.

Gilbert's Great Clearance Sale.
Saturday we shall place on sale 200
ladies' beautiful waists at 98 cents
each. Hundreds of great values all
over the store. Come to the great
once-a-year clearance sale at Gilbert's.
Come quick and bring all your friends.

GLASS WORKER TO MAKE GLASS UNDER SPIRIT GUIDANCE

BRIDGEPORT, O., July 17.—The
only factory in the world founded on
belief in spiritualism is being com-
pleted here by Frank Wilcox, a glass
worker, who claims to have received
in visions of his dead father, inspira-
tions for inventions which will revo-
lutionize the glass industry. Wilcox's
building where he will perfect and use
these inventions is known as the
"house of mystery." None but spiri-
tualists are employed in the construc-
tion work and a score of husky guards
—all spiritualists—are on watch day
and night to prevent any but em-
ployees from going inside the ten foot
concrete wall which surrounds the
place.

"I am going to make a fortune, in
glass," Wilcox tells his friends, "and
all because of my belief in spiritualism.
I began my experiments in Pitts-
burg several years ago but secret ser-
vice agents who tried to steal my de-
signs forced me to come here." Wil-
cox has purchased valuable real estate
in Wheeling, W. Va., where he plans
to erect a spiritualist church to cost
\$12,000 as a memorial to his dead
parent.

SOUTHWESTERN REGATTA

ST. LOUIS, July 17.—The three-day
regatta of the Southwestern Amateur
Rowing Association opened here today
with the rowing of the junior races.
Senior races are scheduled for tomor-
row while Sunday will be open for
prize cup races, a new feature of the
regatta. These events will be open
to winners of the junior and senior
honors. Canoe and swimming races,
not heretofore attempted by the South-
western organization, will also be
held.

IN THE JUSTICE COURT

NELSON HAS RETURNED HIS AUTO LICENSE

Was Sent Once and Then Re-
turned—Notifies Justice
Cox of It

Harold Nelson's automobile license
has been turned in to the state motor
vehicle department. Nelson explains
that after his license had been sus-
pended by Justice Cox he sent the li-
cense in, but through some misunder-
standing it was returned to him. Yes-
terday, he says, he again sent it back,
just after Justice Cox had received a
letter from Superintendent Ormsby, of
the motor vehicle department, asking
that an officer go out and look up the
license. Nelson denies that he has
been driving a car without a license.

It Cost Him \$5

J. S. Sweet stood trial on a charge
of running an automobile while the
muffler was open. The testimony of
the officers, Ballard and Vestal, was
that the exhaust was shooting and the
sound indicated that the muffler was
not at work. The defense put on wit-
nesses, alleging that the muffler was
being used. Justice Cox found Sweet
guilty and fined him \$5.

Charge is Theft

Pomposo Salas, brought here from
Corona by Under Sheriff Law, de-
clares he bought a wagon from a trav-
eling horse trader. The wagon was
one stolen at Anaheim from Mr. Win-
ney. A horse and dog taken at the
same time have not been found. The
wagon was at Salas' place.

Charge Delinquency

E. C. Wheeler, who says he is an
actor and that his stage name is Bob
Hayes, aged 29, is charged with con-
tributing to the delinquency of a
minor. Wheeler lives at Orange.

Gilbert's Great Clearance Sale.
Saturday we shall place on sale 200
ladies' beautiful waists at 98 cents
each. Hundreds of great values all
over the store. Come to the great
once-a-year clearance sale at Gilbert's.
Come quick and bring all your friends.

ANNOUNCEMENT

The Santa Ana Directory Company
announces that it has the new Los
Angeles city directory at its office for
public use. 105 E. 5th.

MILITIA ENCAMPS WITH UNCLE SAM'S REGULARS

TOBYHANNA, Pa., July 17.—Twelve
batteries of field artillery of the New
York State National Guard joined
United States regulars here today in
a ten-day encampment. The regulars
marched from Washington to the
camp here. The federal government
furnishes all equipment, field pieces,
etc., for the use of the New Yorkers
while they are here, enabling them to
get better training than could have
been provided through the appropria-
tion of the state legislature.

HOLD EXAMINATIONS FOR SIX OFFICES IN COUNTY ON AUG. 22

An examination for fourth class
postmaster for the following postof-
fices in Orange county will be held at
Santa Ana on Saturday, August 22,
1914: Balboa, El Toro, Los Alamitos,
Laguna Beach, Newport Beach, West-
minster.

Applications for these examinations
may be secured at the postoffice at
Santa Ana, Cal.

GERMANY'S CROWN PRINCE IS JINGO

Advises Wide Reading of New
War Pamphlet Predicting
Big European War

BERLIN, July 17.—Crown Prince
William is again in the limelight, and
once more among the alarmists. He
is recommending that all Germans
read a recently-published pamphlet
predicting a great European war.

The pamphlet, entitled "Germany's
Fated Hour," was written by Col.
Frobenius. He asserts that the
French and Russian armaments are
equivalent to preparation for war next
spring and urges Germany and her
allies to be ready for it.

The Crown Prince telegraphs to
Berlin that he has read "this excel-
lent pamphlet with the greatest in-
terest, and wishes it to have the wid-
est circulation."

The Vorwarts prints a letter from
a member of the Reichstag, asserting
that the government is drawing up a

bill asking for more than \$100,000,000
for strategic purposes, especially for
military, railways and stock.

DAILY DEATH SENTENCE IN BENIGHTED RUSSIA

BERLIN, July 17.—An average of al-
most one death sentence daily was im-
posed by Russian courts during the
years 1911 and 1912, according to the
Russian paper "Sovremennyi Mir." In
1910 an average of thirty-nine death
sentences a month were imposed and
an average of twelve executions took
place. From 1905 to 1910, 4,449 per-
sons were executed in Russia and 7,
101 death sentences were imposed.
Statistics for 1913 are not available.

AN ESCAPED CONVICT PUT IN JAIL HERE

Serving Life Sentence for
Murder, Got Away From
Florida Prison

John King, aged 67, a colored la-
borer, was arrested at Fullerton to-
day as an escaped convict from Flori-
da. He was serving a life sentence
in a prison in Florida when he don-
ned a pair of pants that belonged to
a captain of the guard, and easily got
away.

King says he killed the wrong man.
He had been having trouble because
of the attentions of another man to
King's wife. He intended to kill the
offender, but in the dark shot an-
other colored man. He was sentenced
to life imprisonment, and had served
fifteen months when he escaped.

"I was cook and helper for the cap-
tain," said he. "A fellow told the
captain I would not hitch up the cap-
tain's horse. Well, I did not know the
captain wanted the horse hitched up.
They called me out and gave me
about fifteen blows with a heavy
leather strap as long as my arm and
with a handle to it. That made me
decide to escape. Being a trusty I
got the chance. I got away a year
ago last Sunday night. Every time
an automobile came along I hid in
the weeds."

King has been a teamster for Mc-
Coy at Fullerton since last January.
He is a big, good-natured, industrious
fellow. He says he was born in slav-
ery. He wrote letters to his old
home at Watertown, near Lake City,
Fla., and was located. He was ar-
rested by Under Sheriff Law and Con-
stable Heard.

BLINDNESS PROFITABLE. SAYS WIFE OF BEGGAR

SAN FRANCISCO, July 17.—Charg-
ing him with extreme cruelty, Mrs.
Nellie Morse will try to get a divorce
at the next term of court here from
Oscar E. Morse, a blind and paralyzed
beggar. What form this cruelty takes
Mrs. Morse's pleadings have not yet
shown. In asking for alimony, how-
ever, her petition asserts her husband
averages collections of \$6 to \$8 daily
and has a comfortable bank account,
so she would like a reasonable allow-
ance.

Harness Stolen
A set of harness was stolen last
night from the home of T. M. Robert-
son, on Hannah street. The theft was
reported to the police, who are work-
ing on the case.

The entire stock of the Little Suit
Shop, of Pasadena, has been purchased
by the Smart Shop and is now on sale
50c on the dollar. Stock consists of
ladies' Suits, Coats, Dresses, Waists
and Petticoats.

Tustin Budget

Edited by Miss
Florence Stone

TWO NEW TUSTIN HOMES FINISHED

Residences of W. L. Leihy and
C. O. Artz Now Occupied;
Are Handsome Homes

Two of the handsome new bungalows being built on Main street near B, are finished, those of W. L. Leihy and C. O. Artz. They are finished in the most approved style and with every modern convenience. The families have moved in and they are now experiencing that goal for which so many have strived. That of being able to arrange things in a brand new home with every plan carried out.

Mr. Leihy's house is quite an ornament to that part of Main street, being finished in pearl and white with white tile porch.

Mr. Artz's house is finished in the rustic colors. All who have seen it are particularly pleased with the interior arrangement and finish of this complete little home.

Went to Anaheim

The members of the Tustin W. C. T. U. who attended the all-day meeting of the Anaheim Union last Tuesday were Mrs. C. A. Miller, Mrs. Sarah Brown, Mrs. Thos. Rawlings, Mrs. Harry Lewis, Mrs. Emma Colgan, Mrs. L. A. Cook, Mrs. Ella Brown, C. A. Miller and Ross Shafer took the ladies over in their automobiles.

The occasion was the annual meeting of the Anaheim Union and all the county unions were invited to attend. The meeting was held at the home of J. M. Gunnett, president of the Anaheim Dry Federation. Dinner was served on the lawn.

Mr. Mauzy's Zinnias

The hedge rows of Zinnias bordering Mr. E. R. Mauzy's driveway are now flaunting their gay colors and they are exceedingly ornamental and attractive.

Several members of the Los Angeles Chamber of Commerce paid Mr. Mauzy a visit this week and carried back with them samples of his Zinnias for the flower exhibit in the Orange county section of the 1915 exposition.

At Newport

Misses Carrie and Jessie Matthews, Mr. and Mrs. Frank Stearns, Mr. and Mrs. Roy Stearns and Glyde Cooper composed a party who very much enjoyed a trip to Newport Beach last Saturday, returning Sunday evening.

Resident of Tustin Soon

A. D. Pyatt of Santa Ana this week purchased the home place of C. M. Halderman on Newport Road. Mr. Pyatt will become a resident of Tustin soon, his home in Santa Ana going in the trade.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

Will You Trade?

Southern California town property for the Tulare county land which I have been advertising in this space.

You would find the land and conditions just as I have described them

180 acres\$18,500.00
100 acres\$12,500.00
60 acres\$7,500.00

If you have clear property I will allow you full value for it, will take what you have as first payment on the acreage you want and take mortgage on land for the balance, or I will trade value for value, clear for clear. Will give you satisfactory reason for offering the best exchange you have had put up to you. Agents take notice. Drop me your address by letter if you can't reach me by phone. 644J.

J. A. Timmons
2220 North Main.

EDITORIAL

CALIFORNIA DRY ARGUMENTS

If (according to last year's statement of the California State Board of Viticultural Commissioners) wine grapes average \$30 per acre, a gross return from which all expenses must be paid, raisin grapes \$50 per acre and table grapes \$140 per acre, which will pay the best to cultivate?

If four out of every five men imprisoned on account of drink in Massachusetts last year between 17 and 50 years of age, at the prime of life, lost over 300,000 working days from imprisonment alone and probably lost an equal amount of time in hunting work after release from prison, can the sale of liquor be good for the working men of any state?

Why is it that there are more "blind pigs" where the legalized saloons are than where they are not?

If, upon good authority, alcohol hardens the brain substance, impairs the judgment, puts the will to sleep, puts the conscience to sleep, arouses the lower nature, then what good can it be to any man?

Why is it that Kansas illiteracy is two-thirds lower than Massachusetts, including Boston, and her insane asylums and prisons are nearly all empty?

If liquor is a menace to the traveling public when used by railroad men, what good can it be to any man?

Who is the first man to be laid off and the last to be taken on. Is it he who drinks?

Buy your drinks from no one but your wife, and by the time the first gallon is gone she will have \$8 to put in the bank and \$2 to start business again. Should you live ten years and then die with snakes in your boots, she will have enough to bury you decently, educate your children, buy a house and lot, marry a decent man and quit thinking about you."

TUSTIN PERSONALS

Mr. and Mrs. C. E. Mock have a fine son, born July 2. His name is Leo Glenn.

Glyde Cooper is suffering from an accident which splintered a small bone in his ankle.

Rev. R. B. Shannon is in Santa Cruz attending the Southern conference of the Advent Christian church. He will be joined by Mrs. Shannon tomorrow.

Mrs. J. E. Hoskins of Los Angeles is visiting Mrs. P. H. Smith.

Mrs. M. E. Lindsey is spending several days in Long Beach this week. She will attend the marriage of Miss Ruth Arnold to Dr. Tru of Los Angeles.

Mrs. Clara Young left Wednesday for a six-weeks' stay in Arizona.

Sidney Saunby, who has been visiting his father and mother for several weeks, returned to his ranch at Yucaipa, Wednesday.

Mrs. M. Harnes and Miss Minnie Harnes of Los Angeles have been guests of Miss Lena Wollenberg this week.

Mr. and Mrs. H. Zebe and Mr. F. Arps from Orange were entertained at dinner last Sunday by Mrs. Wollenberg.

Mr. and Mrs. J. McCann from Oakland and Mr. and Mrs. E. J. Mahbott of Los Angeles, were guests of Mr. and Mrs. Albert Fuller last Sunday.

Mr. and Mrs. H. W. Smith motored to Highland Park, Los Angeles, this week. Mrs. Smith, not feeling in the best of health, will remain at the home of her brother, Rev. Butterfield, until she is improved.

Miss Christine Bossov of Los Angeles is a guest of Mr. and Mrs. C. L. Awe and family.

Mr. and Mrs. W. L. Leihy have just returned from a vacation trip to Tibabuco canyon.

Miss Mary Kaiser, who was quite ill last week, is much improved.

Mrs. Jasper Lindsey of Los Angeles, who has been visiting Mr. and Mrs. Hollis Lindsey since Monday, returned home today. Miss Dorothy Lindsey, who was quite sick for several days, is out and feeling better.

CHURCH NOTICES

MISSIONARY MEET WAS INTERESTING

Presbyterian Women Assembled
on Thursday—Heard Fine
Talks and Address

An unusually interesting meeting of the Presbyterian Missionary Society was held at the church Thursday afternoon.

Mrs. H. A. Allen, the president of the society, was the leader and the meeting opened with devotional exercises led by Miss Minnie C. Childs. Miss Childs read the Beatitudes, calling attention to the many things in the Bible that are called "blessed," which made the reading very interesting. She also related several short stories, one of which was comparing the missionary to the mango tree in India, which, when the fruit is ripe, the natives come and strip the tree of fruit, leaves, and even break the branches, but the next year the tree blossoms out all the more.

So the missionary gives his all, but is still more than blessed with a renewal of life and satisfaction.

After prayer by Miss Sheats the meeting was open for the purpose of giving each one present an opportunity to give some item of interest regarding missions and things accomplished in mission fields. Quite a number present were able to give interesting facts about the work of missionaries and the changes now going on all over the world in mission fields.

Mrs. Willard, who was delegate to the last meeting of the Presbyterian in Los Angeles, gave a report of that meeting, giving a synopsis of a talk by John Balcomb Shaw on "Soul Winning." This was followed by a beautiful song, "Callest Thou," by Mrs. Inman of Santa Ana.

Rev. Tappan, a returned missionary from China, who is spending a year in the United States before going back to Southern China, was present at the meeting and gave an address. He talked in a very interesting manner of women and little girls in China. He said that in no other country is womankind respected as they are in the United States, but described the awful calamity of being born a little girl in China. They are never welcome in a Chinese home and even they themselves believe they cannot learn or understand because they are girls.

The mother weeps and the father hangs his head at the advent of a girl in the family. They are invariably servants and slaves. To change these conditions is one of the difficult tasks of the missionaries.

This talk was exceedingly interesting and thoroughly appreciated by those present.

The subject for this meeting was, "A Review of the Year," and was arranged by Mrs. V. V. Tubbs and Miss Gertrude Utt, who were hostesses at the social hour following the adjournment. All those present were invited to the social room where they were served with brick ice cream and delicious cake. Mrs. Tubbs and Miss Utt were assisted by Miss Minnie C. Childs, Mrs. C. E. Utt and Miss Tubbs in serving the refreshments.

SOCIETY AND CLUBS

Tustin Twelve

A meeting of the Tustin Twelve was held with Mrs. B. F. Nimmo last Tuesday afternoon.

The members spent a very enjoyable afternoon with their fancy work and lively conversation.

The house was decorated with lovely pink and white roses.

The club will discontinue its meetings until fall, but planned a trip to Los Angeles together next week, where they will have a dinner and theater party.

Refreshments were served on individual tables in the dining room, consisting of delicious ice cream, cake and punch.

The members present were Mesdames Chas. Johnson, Albert Fuller, J. S. House, Ellis Smith, Geo. Pollard, Fred Morehead, C. O. Artz, E. J. Cranston, and the hostess, Mrs. Nimmo. Mrs. Frank Pierce was taken as a new member.

The Tustin "Y's"

The meeting of the Tustin "Y" will be held tonight at the home of Mrs. Ella Brown, Lemon Heights.

A Lively "Weinie" Bake

The members of J. E. Ward's apricot pitting camp had a lively time last Tuesday night at a "weinie" roast at the camp.

There were forty-eight present. Each one brought something to eat and it is needless to say that each article was enjoyed to the fullest extent.

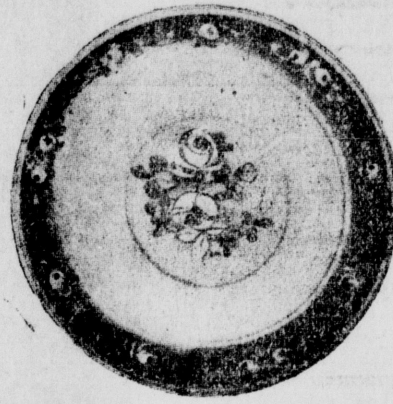

Birthday Party

Ten little girls had a very happy time last Tuesday afternoon at a party with Nellie Ware upon the occasion of her birthday.

They played a number of games and had a good time generally. There was a lovely birthday cake and the fun of blowing out the candles. The little hostess was the recipient of a good many remembrances.

THE FREE SCHOOL BOOKS PLAN HAS PROVED GREAT SUCCESS

(BY EDWARD HYATT, STATE SUPERINTENDENT)

The schools of California are only requiring one-third as many free textbooks for next year as for last year.

Demands have already come in from 2200 schools out of about 4000, and since these include all the large cities of the state, it represents much more than half the total. A remarkable decrease in the demand is shown.

Thus, San Francisco orders 47,730 books this year as against 127,349 for the same period last year; Los Angeles 41,643 this year, 124,553 last year; Long Beach 4950 this year, 12,175 last year, a decrease of nearly two-thirds in each instance. San Diego orders 3741 this year, which is less than one-fourth of last year's demand of 21,283; and Pasadena calls for 4775 books this year, about one-fifth of the 23,050 needed last year.

It was natural that a heavy call for books should be made at the inauguration of the system. The schools had to be stocked up. It was not sure that the state would be able to meet this emergency at all. The legislature appropriated half a million dollars, expecting it to be mostly consumed in this original stocking-up process. Those in charge of the enterprise hardly dared speak above a whisper. The result, however, is reassuring. Only half of the fund has been expended and the needs for the

second year are very greatly reduced. The California free textbook plan is an undoubted success and the state will never recede from it. While a new project of such magnitude must be marked by an occasional small mistake or misunderstanding now and then, it is good to find the general plan working out according to schedule, and to find that the school people of the state, the many thousands of teachers and trustees, may be trusted to do the right thing in making it effective and economical.

The individual school district is the unit in distributing free books. The principal of the school makes out a requisition for the books needed. This is examined and approved by the district clerk and by the county superintendent, to insure a just and reasonable demand. The state superintendent questions and requires explanations in case requisitions appear excessive. Teachers and all other officers are enjoined to use all the care and moderation in ordering state books that would be used if the parents were buying them. Every order and every book contains an appeal to the teacher and to the pupil for cooperation and wise care in the use of the books and in getting full service from them.

The proof of a pudding is in the eating.

P. E. SAID TO PLAN FOR REDLANDS DEVELOPMENT

REDLANDS, July 16.—Pacific Electric development in Redlands already is exciting much comment. Several months ago, when announcement was made of the proposed Los Angeles-San Bernardino and Riverside-San Bernardino connections would be completed, it was stated that a line to connect Riverside and Redlands would be built, also that the Southern Pacific

from Redlands to Redlands Junction would be converted into an electric road. It is expected that this will be done and that the local freight and orange cars will be handled in Redlands by Pacific Electric motors, running from Redlands Junction through Redlands to Crafton.

YOUNGSTERS KEPT FROM MARRIAGE BY BAY CITY POLICE

Wheatland Rancher's 20-Year-Old Son Elopes With 17-Year-Old Sweetheart

SAN FRANCISCO, July 17.—Walter Shaw, 20, and Clement Hardinge, 17, as they gave their names and ages, were detained by the police here on the strength of a telegram from the girl's father, Fred Hardinge, a wealthy Wheatland rancher, asking that they be prevented from marrying. A detective met the pair as they stepped from a Sacramento steamer.

GRAY HAIR BECOMES DARK, THICK, GLOSSY

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Bald, Wrinkled Flat Breasted Is the Future Eve

BERLIN, July 17.—The future "Eve" will be bald. So declares Dr. Broig today in "The Bulletin Medical." "In the 30 years of my practice," says Dr. Broig, "I can say as a result of close observation that the physique of the new generation of women is slowly but surely undergoing a change. The breast is sinking in, the shoulders becoming more stooped; cold feet are becoming a normal manifestation, the hands are showing tendency toward a violet or purplish color, the face is becoming smaller, deep wrinkles in the forehead more frequent and the digestion getting worse. And that is not all; bloodlessness is affecting the face and skull. The elasticity of the pores is decreasing and the nose is developing more and more. This decrease of vitality is affecting the scalp. Women today are losing hair as never before. This phenomena is the forerunner of the bald-pate, hitherto the sole privilege of men. Women are marching rapidly toward bald-headedness."

FAST TEAM PLAYS ORANGE SATURDAY

Orange News: The local baseball team will be introduced next Saturday to a team that bears just a little more of that elusive element described as class than any that have appeared here this season. The Pacific Electric, with a record that includes a long list of victories, looks like a real ball team. It would appear that Dick Lush and his mates had at last found some worthy material to work on. It has been exceedingly slow for Dick lately. The Orange squad is going nicely and an improvement has been announced with the addition of William Schluter to the line-up. Schluter has played ball before, here and elsewhere and is known as a heady man, cool in the pinches and of the sort calculated to steady the team.

—Go to school next Monday at Orange County Business College.

ANGEL CITY TO NEW YORK IN 15 DAYS VIA PANAMA CANAL

Red Star Line Subsidiary Plans Rapid Service Schedule Between Two Coasts

Los Angeles to New York in fifteen days, via the Panama canal, says the Los Angeles Examiner. This is the waterway schedule which will be put into effect, beginning May 1, 1915, by the Panama-Pacific Steamship company, a subsidiary of the Red Star Line, according to a statement issued yesterday at the general office of the Red Star Line in New York City. The Kroonland and Finland, liners of 22,000 tons displacement will be placed in service on this route. The Kroonland will inaugurate the service, sailing from New York on the first day of next May. While not in the Emperor class, the Kroonland and Finland are fitted with accommodations for 950 passengers and are two of the most modern boats afloat. They are 500 feet long, of sixty-foot beam, and are rated as first-class passenger liners. San Francisco will be the western terminus of the route of the Panama-Pacific Steamship company's liners and Los Angeles will be a port of call on both north and south-bound voyages. The rates, both east and west-bound, will be \$125 for first cabin, and \$60 and upward for third cabin. San Francisco will be sixteen days from New York over this route. The boats will fly the American flag.

CARPENTIER WINS ON FOUL IN SIXTH

LONDON, July 17.—Georges Carpentier, the young French champion, and the only pugilist of premier rank France has ever contributed to the sport, was awarded the decision last night over Gunboat Smith, the American fighter, on a foul, in the sixth round of the fastest heavyweight fight Londoners have seen in many years. To Smith and his supporters the finish was a tragedy, because the blow for which the American was disqualified was neither studied nor intentional. It was launched in the heat of the whirlwind fighting when the Frenchman slipped to his knees and the spectators saw the gaunt sailor recoil and attempt to draw back almost as his arm flew out. Nevertheless, the ending of last night's fight adds another to the unfortunate chapter of international sport, because it has kindled had feeling and is likely to be followed by long-drawn-out arguments. The popular judgment awarded Carpentier the better of the fight on its merits. Pitted against such a powerful antagonist as Smith, it was evident that the Frenchman's marvelous quickness had not been exaggerated. He showed a left lead like a flash of lightning, and a powerful and equally swift right. His footwork was wonderful, and although Smith was remarkably quick for a big man, he was noticeably slower than his younger opponent. Tillman Matched With Leach Cross LOS ANGELES, July 17.—Tommy Tillman was matched late last night to box Leach Cross twenty rounds at the Vernon arena on July 28. Owing to the illness of Joe Rivers and the consequent calling off of his bout with Cross on that date, McCarey has been worried over this open date, but he thinks that Tillman not only will be able to put up a good fight against the New York dentist, but that he has a fair chance to win. In any case the bout promises to be a good one.

JOHNNY TILLMAN TACKLES RIVERS IN 20-ROUND BOUT VERNON, Cal., July 17.—Johnny Tillman, Minneapolis lightweight, is scheduled to meet Joe Rivers in a twenty-round go here today. Tillman recently outpointed Ad Wolgast at Hudson, Wis. He also has two decisions over Pat Brown.

UNITED STATES TO BUY AEROPLANES OF PRACTICAL KIND

WASHINGTON, July 17.—In the belief that a more practical aeroplane for field reconnaissance can be found, the War Department has sent invitations to manufacturers of flying craft to take part in competitive tests at the signal corps aviation school at San Diego, Cal., beginning October 20. The machines must be delivered at the manufacturers' expense and to qualify must make a non-stop flight of four hours in the air and a climb, when fully loaded, of 4000 feet in ten minutes. If five machines qualify the signal corps will buy the three machines making the greatest number of points. They will purchase the first machine for \$12,000, the second for \$10,000 and the third for \$8,000. If only three or four machines qualify the first two will be bought at \$12,000 and \$10,000. If only two qualify, that making the best score will be bought at \$12,000. WORLD MAY JOIN IN RIVER-SIDE ORANGE FESTIVITY WASHINGTON, July 16.—A resolution granting President Wilson authority to invite foreign governments to send representatives to the fourth annual celebration of the foundation of the navel orange industry was introduced in the House yesterday afternoon by Congressman Kettner of California. The celebration is to be held in Riverside, Cal., in April, 1915.

NILES, OHIO, RENT ASUNDER BY SUNDAY MOVIES QUESTION

NILES, O., July 17.—Do moving picture theatres desecrate the Sabbath? This question, a momentous one in this little city, is today the center of a campaign that will find its climax in the November elections. The people will vote on the question. Church folk, backed by Councilman Sidney Brobst, are behind the move to close the Sabbath "movies." The Glass Workers' Union, backed by working people, want to retain what they say is their only Sunday recreation. Thomas Finna, leader of the "pro-movie" element, said today: "The picture show is the poor folks' recreation. It keeps young persons away from dark streets and parks at night. The decent movie is just as moral as autoing, and Niles theatres show decent movies." "The moving pictures help to destroy the Sabbath," said Alderman Brobst, "and we are going to oust them if it costs me my job." WANTED: A Son LONDON, July 16.—A visit from the stork is expected by Prince and Princess Arthur of Connaught this summer. The princess is the only duchess in her own right among the British peerage and, by the terms of the royal patent, if she has only daughters the dukedom of Fife will pass to her sister, the Princess Maud, and if the latter has no sons it will lapse. If, however, a son is born to Princess Arthur he will inherit the dukedom. Prince Arthur and the then Duchess of Fife were married last October. —Orange County Business College. Consult Dr. Enoch. BEAN YIELD TO BE RECORD BREAKER

Bumper Crops Expected From 21,000 Acres on Irvine Ranch This Year

SAN JOAQUIN RANCH DEVELOPING RAPIDLY

New Santa Fe Branch to Facilitate Handling Enormous Output

All indications point to a record-breaking bean crop on the Irvine ranch this season. The heavy rains of last winter and the recent warm weather have combined to make conditions ideal for an immense output from the 18,000 acres of limas and the 3000 acres of Black-eye beans which were planted this spring on the ranch.

It is yet too early for officials of the Irvine company to make any estimates of the actual number of carloads expected this year though it is safe to say that, barring unforeseen bad weather conditions the number of carloads will be tremendous, far in excess of the output of any previous year. A series of severely hot days later on in the summer and early fall would tend to decrease the output.

Nearly all the growers on the Irvine ranch report good stands of beans. The appearance of some of the plants on heavy soil is not so favorable.

The building of a branch line by the Santa Fe railway from Comstock station, near Aliso, to the San Joaquin Fruit company's property is an excellent indication of the rapidity with which the greatest San Joaquin ranch is developing.

The new branch line will tremen-

dously facilitate the handling of the enormous crop yields throughout the district. Every year increased acreages are developed and the opening of the spur track will offer better marketing opportunities, not only for the bean growers, who are at present furnishing the largest output from the Irvine ranch, but will also materially aid the growers of apricots, walnuts, oranges, and other products.

BUILDING BOOMS ON SOUTH STREET TRACT, ANAHEIM

Contract has just been let to Henry & Jones, owners of the South Street Tract, for the construction of a Swiss chalet to cost \$3500 on the corner of South Los Angeles and South streets, for J. E. Nevins, coast representative of the Peerless Rubber Company of New York, who will hereafter make Anaheim his home. Construction is to start immediately.

This is one of six homes to be started on the South Street Tract within the next thirty days and four modern bungalows have just been completed, one of which is owned by E. L. Larkin. H. E. Scull is starting a house on the corner of South and Philadelphia streets. Among the late purchasers of lots in this tract are J. P. Kleiss and Max Selscheider.

NEW STATION FOR SALT LAKE ROAD IN LOS ANGELES

J. Ross Clark, president of the Salt Lake Railway Company, has announced that a new passenger station will be erected by the company in Los Angeles at once. It will be located on the land recently acquired along the river and including the site of the present station. The cost of the building has not been fixed. It will probably be Mission style and of reinforced concrete construction. It is stated that work on the station will be started shortly and that it is expected to have it completed by next summer in time for the heaviest part of exposition travel.

9,500,000 BARRELS OF OIL JUNE OUTPUT FOR GOLDEN STATE

California's oil production for June broke all previous records, according to estimates compiled by several local oil men, says the Los Angeles Examiner.

While the reports are not sufficiently complete as yet to be accurate, the preliminary figures indicate that the petroleum output last month was fully 9,500,000 barrels. This breaks the record set by the month of May which was the banner month in the history of the oil industry in this state. The May production was approximately 9,000,000 barrels.

At the rate that shipments are now being made, the extensive production of June will mean that there will be a surplus of about 1,000,000 barrels. July is keeping pace, thus far, with June, and at the present production, California faces a great over-production unless a new market is opened up.

NOTES OF THE GREAT PLACENTIA OIL FIELDS

Placentia Courier: The St. Helens Petroleum Company brought in No. 1 on the Anderson lease at a depth of 3240, with a flow of about 600 barrels. Number 2 on the same lease is down about 2200. Their well on the Johnson lease is about ready to come in at a depth of 3200.

Thomas Strain has stopped work on his oil well at a depth of 4100 feet, placed a lock over the top of the hole and departed for a trip to his old-time home in Ireland. The well has cost \$80,000 but as Mr. Strain has an income of \$40,000 a year from his orange grove he is not worrying.

Contracts Recorded
The following contracts have been recorded: Anaheim school district to W. A. Moore, a four-room addition to the school building in block D, Hotel del Campo tract, for \$12,250; Farmers and Merchants' National Bank of Santa Ana to F. O. Engstrom, general contract for foundation and vault work at the southwest corner of Fourth and Main streets, \$4995; the County of Orange to Stewart and Cleland, boat house in Orange County Park, \$643; Grouard and Young, of Santa Ana, have the contracts for doing the concrete work on this boat house and will also build a fountain in the lake at the park.

LAGUNA BEACH COMING TO FRONT

Combination of Hills, Cliffs and Shore Proves a Lure for Vacationists

Reports from Laguna Beach are to the effect that this little resort is rapidly coming to the front as one of the most popular beauty spots in the Southwest. One of the best indications that Laguna is looked upon with extreme favor by recreation seekers and investors is the fact that, although all travel to the beach must at present come by the somewhat roundabout way of Capistrano, owing to paving operations now under way on the shorter route, more people are visiting Laguna this summer than ever before.

There is no doubt that Laguna, combining as it does attractive cliffs, hills and a beautiful stretch of beach, possesses advantages to be found at but few resorts on this coast. "Laguna never leaves your memory once you have visited it," said one of Laguna's prominent residents today. "That is the reason why the traffic to this place never decreases. Laguna and its beauty would lure the recreation seeker to its bosom even if it would be necessary for him to walk here. When the good roads are completed Laguna will grow as if by magic."

Improvements
Among the many new improvements which are now being made at Laguna may be mentioned the following:

A handsome new dancing pavilion, built by E. Treffern. A plumbing establishment, built by A. A. Franke. This latter is doing a flourishing business. The finishing touches on the new Vansyckle residence are being made. On the Laguna Cliffs tract there are three new cottages being built while on the Arch Beach tract two are being erected. Contracts are being signed for four more cottages besides these.

LOS ANGELES TO FRONT IN 1914 BUILDING

Record of \$4,723,393 Spent for Buildings Leads Cities of Similar Size

Los Angeles Examiner: Material evidence in Los Angeles' prosperity and progress was made known yesterday when City Building Inspector J. J. Backus filed his report for the fiscal year just ended.

The figures are stupendous, far outstriking those of any other city of equal size in the United States during the year last past, and they present unimpeachable evidence of the substantiality of the city's growth.

The report shows that during the fiscal year the value of downtown buildings completed and begun totaled the sum of \$4,723,393. The building trades and the general labor world benefited from their construction in the sum of \$1,829,557, the amount paid out for the work done on the structures.

Practically all of the buildings erected during the past fiscal year have been of the most modern type, whose steel and stone construction guarantees a long life.

Expected Greater Increase
According to Mr. Backus there is every prospect that the coming fiscal year will show an even greater building value. Mr. Backus estimates that \$10,000,000 will be necessary to cover the cost of new structures projected and soon to begin. The benefit to the labor world on such an amount of building, would amount to \$4,000,000 if the 40 per cent estimate is used as a basis for figuring the labor wage.

ELECTRICAL FIRM DOES BIG BUSINESS

The Cope Electric company, of 412 West Fourth street, Santa Ana, has a number of big contracts under way in this city and in various parts of the county. The management of this company reports that business is very satisfactory, the firm having as much as it can take care of comfortably. Among other jobs the Cope company is doing the wiring for the power and lighting system of the big septic tank at the county farm; the wiring for the electric lighting, telephone system and electric clocks and fixtures of the new Orange grade school; the wiring for the new Chris McNeill residence on North Broadway and the re-wiring of the newly re-opened Temple theater.

BUILDING PERMITS AT THE BEACH CITY

Newport News: The following building permits have been issued since June 26, 1914:

N. Z. Osborne, by L. Hill, one-story frame and canvas dwelling, rear, on lot 1, block 3, Goudge tract; \$100.

N. Z. Osborne, by L. Hill, one-story frame dwelling, lot 1, block 3, Goudge tract; \$900.

J. C. Beswick and C. E. Nihart, by themselves, one-story frame dwelling, lot 25, block 4, East Newport; \$800.

D. M. Young, by himself, frame dwelling, lot 25, block 4, East Newport; \$800.

Robert Gerwing, by Geo. Miller, one-story tent cottage, lot 6, block 129, Lake tract; \$50.

Clara Hawkins, by herself, canvas and frame lunch stand, part of lot 3, block 12, Balboa; \$50.

C. M. Babbitt, by Goodcell & Jumper, one-story frame dwelling, lot 21, block 8, Newport Bay tract; \$1300.

Captain Underwood, by Goodcell & Jumper, two-story frame dwelling, lot 8, block 21, Eastside addition to Balboa tract; \$2,550.

O. Brown, by himself, twelve tent cottages, lots 9, 10 and 11, block 12, Balboa; \$200.

J. B. McLaughlin, by himself, one-story frame dwelling, lot 25, block 14, Balboa; \$600.

SANTA FE BUILDS A 3500-FOOT SPUR TRACK AT EL TORO

Tustin News: There has been considerable activity here in the past few weeks, what with apricot pitters and workers rushing hither and thither, new wells being sunk and the building of an addition to the Moulton packing house.

D. J. Carpenter is putting in a pumping plant. He has sunk a well 550 feet and will put in an engine to operate the pump.

The Santa Fe Company is shifting the section foreman's house up nearer the depot and placing it on the opposite side of the track, for the purpose of putting in another switch. It will build about 3500 feet of track on the west side of the main line so as to permit trains to pass without having to run onto the siding on which the warehouses are located and disturbing cars that are being loaded.

A thirty-foot addition is being made to the Moulton warehouse, in which a bean cleaner and barley cleaner and roller will be installed. The house has been rented to Newmarks for a term of five years.

The apricot crop is about all harvested. The crop ripened here earlier than in other sections.

George S. Martin and wife have sold their property at San Gabriel and have returned here to reside.

The foundation of the new \$7000 grade school has been completed and the brick work, to be done by Dan Edwards of Santa Ana, will start Monday. The contract to build the school is in the hands of A. C. Black, the Santa Ana contractor.

PLANS NEW HOME
Placentia Courier: C. E. Vogele reports the sale of lot 9, block C, owned by Mrs. Maranville, for \$500, to Charles Keith, employed in the oil fields. There is a small building on the lot, but Mr. Keith is planning to erect a modern home thereon.

—Buy wall paper now at about half price. We are closing out our large stock. Chandler, 510 N. Main St.

—Buy wall paper now at about half price. We are closing out our large stock. Chandler, 510 N. Main St.

George S. Martin and wife have sold their property at San Gabriel and have returned here to reside.

The foundation of the new \$7000 grade school has been completed and the brick work, to be done by Dan Edwards of Santa Ana, will start Monday. The contract to build the school is in the hands of A. C. Black, the Santa Ana contractor.

PLANS NEW HOME
Placentia Courier: C. E. Vogele reports the sale of lot 9, block C, owned by Mrs. Maranville, for \$500, to Charles Keith, employed in the oil fields. There is a small building on the lot, but Mr. Keith is planning to erect a modern home thereon.

BOOSTER TALKLETS

"It looks as though Santa Ana's latest booster movement is going to be a tremendous success," said J. C. Metzgar, secretary of the Chamber of Commerce, today. "The first day after the appearance in the Register of the announcement that the Chamber was prepared to distribute free copies of our new booster booklet there were at least two dozen people who asked for the pamphlets to send to eastern friends. One man was given 100 copies. He said he would find use for fully that many if not more."

"I don't see where people get all their information about hard times," said Roy Peterson, the sample shoe man, yesterday. "I can show you my books and prove that my sales for June of this year went very nearly \$350 beyond the same month of 1913. And as far as the present month is concerned there has been only one day so far when the sales went below July of last year. In most cases the sales are far ahead."

E. B. Norman,

SAY THREATS TO KILL MADE

A La Habra Rancher is Accused
of Flourishing His
Revolver

LA HABRA, July 17.—Frank Hunt, foreman on the A. W. McPherson ranch, has been arrested here for alleged threats to shoot M. J. Pickering, who put in a pipe line on his place for irrigation purposes. The pipeline also carries water to the McPherson ranch, and he asked McPherson to help pay for it, giving him two weeks' time, which McPherson promised to do. At the end of a month, not having received any money from McPherson, Pickering refused to let Hunt have any water through the line. This made Hunt angry, so he went to Pickering's house with a revolver, it is alleged. Pickering was not at home at the time, so he started out to show Mrs. Pickering, she asserts, what he would do to her husband when he saw him, flourishing the revolver in her face, which caused her to faint. This somewhat sobered him, and he went home. Pickering, on returning home, lost no time in swearing out a complaint for Hunt's arrest.

BEACH ENGINEER ASKS BANKRUPTCY

O. A. Horne, an engineer of Huntington Beach, filed a petition in bankruptcy in Los Angeles yesterday. His debts amount to \$3808.55, and he has \$200 worth of household goods where-with to pay. His unsecured liabilities are \$3200.16. The assets are all exempt under the law.

—Reduced rate excursions every Saturday to Yosemite. All necessary expenses 10 days, \$45.00, including Mariposa Big Trees, \$60.00. C. A. Wilcomb, agent, 606 South Spring street, Los Angeles.

SPECIAL WASHINGTON LETTER

By Burton K. Standish

WASHINGTON, July 15.—A cannon which will shoot 16 miles! That is what the army will use to defend the Panama canal. This giant gun will be the most powerful in the world. It will also fire the heaviest projectiles. Within its 16-mile range, it will be able to shoot with greatest accuracy any approaching foe.

There is still a year's work to be done to complete the mammoth cannon, which is to have a 16-inch bore. The Watervliet and Waterville arsenals will give it the finishing touches. An elevating groove will be cut in its breech at Watervliet. It will then be sent to Watertown to be installed in the immense gun carriage, which is nearing completion. It will be given a "shock" test at Watertown and will be shipped afterward to Sandy Hook for a final test.

Progress in building the disappearing carriage for the great gun is being watched with the greatest interest by American and foreign army officers. Many nations will have representatives at the Sandy Hook for a final proving ground firing tests. Final tests for the canal fortifications are nearly completed. Ordnance officers are pleased with the remarkable record of accuracy made by the guns in long range firing.

Some centaurs are being developed this summer in high official circles. The spectacle of a prominent cabinet official, senator or representative flitting through Rock Creek or Potomac parks on horseback is more frequent this year than ever before. Senator Henry Cabot Lodge, although one of the eldest senators, is an equestrian devotee. Every Sunday morning he rides the same route through the heavily wooded paths of Rock Creek Park. Lodge has a bay steed and English saddle, with regular "jockey's" stirrups. He is not a "speed merchant," however, being content to let his horse amble.

Secretary of State Bryan does his galloping in the mornings, often before breakfast, and is home at 8 o'clock or shortly afterward. His bay steed often shows signs of a long and hard trip. On his horseback excursions Bryan wears his old soft black campaign hat and a "Prince Albert" coat. Senator Borah of Idaho likes to ride fast and far. His charger is a big white horse; it has to be, for Borah is a considerable load and is a picturesque figure.

Work on the elaborate building to be used in connection with the Public Service hygienic laboratory is soon to begin. The building is to house the animals to be used by the health service for hygienic experiments. Out of the \$25,000 appropriated for this work, \$20,852 is to be used in connection with the erection of the building, the remainder to be expended for equipment.

In addition to twenty first-class Resus monkeys purchased from a New York animal fancier at only \$8 each, dogs, guinea pigs, cats, mice, rabbits, rats, horses and chickens, have been added to the miniature zoo. Occasionally a calf pays a visit to this collection of animals, all of which are to be used in the investigation to ascertain the causes and characteristics of contagious diseases. Little surgery and nothing in the nature of vivisection takes place in the experiments. To determine the nature of the diseases which afflict human beings and the methods of their cure the animals are put through various forms of germ infection and serum injection.

"How to the line and let the chips fall where they may" seems to be the motto of Senator Vardaman of Mississippi. He has given the staid, decorous senate many shocks to its dignity, but one of the best—or worst—was when he hauled out his jack-knife and whittled a stick of wood in the "sacred" chamber.

The shavings piled up on the rich, new carpet, while awe-struck—and envious—pages clustered about in admiration of Vardaman's nerve and whittling ability.

One thousand boys and girls cool off on the municipal bathing beach here daily. This is the average, but the attendance has run over 3000 on extremely torrid days lately.

Uncle Sam has elaborate free bathing facilities. He puts up the money for life guards and all attendants. Suits are rented for 15 and 25 cents each, but most everybody brings his own suit and towels.

Has Your Child Worms? Furred Tongue; Strong Breath; Stomach Pains; Cries under Eyes; Pale, Sallow Complexion; Nervous, Fretful; Grinding of Teeth; Tossing in sleep; Peculiar dreams—any one of these indicate Child has Worms. Get a box of Kiepskow Worm Killer at once. It kills the Worms—the cause of your child's condition. It is a safe and aids Nature to expel the Worms. Supplied in candy form. Easy for children to take. 25c at your druggist.—Advertisement.

LOS ANGELES PRODUCE MARKET
Los Angeles wholesalers report that the new crop of dried apricots which was ready for delivery—the first of the week is moving slowly. With the filling of the advance orders, the demand has fallen off to such an extent that it is taken to mean that most of the retailers are waiting till near the end of the season to place their orders, anticipating a further reduction of prices. The year's crop, according to reports from all sections of the state, is the biggest of record, and it is expected by some that prices will decline still farther as soon as dried peaches and other dried fruits are placed on the market.

The potato market is firming and a few of the dealers have advanced prices 5 cent per cwt. This means that the local potatoes are cleaning up and as soon as it will be necessary to ship potatoes from the Stockton district to the local market, the prices will be generally advanced owing to the firmness of the northern market. Several large shipments of apples are expected within the next few days. New apples are growing more plentiful and there was a small reduction in the quotation on Gravenstein yesterday.

Stops Neuralgia—Kills Pain
Sloan's Liniment gives instant relief from Neuralgia or Sciatica. It goes straight to the painful part—Soothes the Nerves and Stops the Pain. It is also good for Rheumatism, Sore Throat, Chest Pains and Sprains. You don't need to rub it—penetrates. Mr. J. R. Swinger, Louisville, Ky., writes: "I suffered with quite a severe Neuralgia Headache for four months without any relief. I used Sloan's Liniment for two or three nights and I haven't suffered with my head since." Get a bottle today. Keep in the house all the time for pains and all hurts. 25c, 50c and \$1.00, at your druggist. Bucklen's Arnica Salve for all sores.—Advertisement.

NOTICE TO VOTERS
The Great Register of Orange County for the year 1914, as well as every other county in the State of California, is now being compiled. All voters who expect to participate in the general election to be held in November, 1914, and in the primary election to be held in August, 1914, must register. Registration closes for the primary election on July 25, 1914, and for the general state election on October 8, 1914.

W. B. WILLIAMS, County Clerk.

NOTICE OF SALE OF REAL ESTATE

In the Superior Court of the State of California, in and for the County of Orange.

In the matter of the Estate of Ed. West, Deceased.

Notice is hereby given that in pursuance of an order of the Superior Court of the County of Orange, State of California, made on the 12th day of June, 1914, in the matter of the estate of Ed. West, deceased, the undersigned, the administrator of the estate of Ed. West, deceased, will, at private sale, in one parcel, to the highest bidder, on the terms and conditions hereinafter mentioned, subject to confirmation by said Superior Court, on the 22nd day of July, 1914, sell all of the right, title, interest and estate of said estate of Ed. West, deceased, in and to all of the real property hereinafter described; and all of the right, title and interest that the said estate by operation of law or otherwise, acquired after the death of or in addition to that of the said deceased, in and to certain lot, piece or parcel situated, lying and being in the County of Orange, State of California, and more particularly described as follows:

Lot Eleven (11), Block Nine (9), Balboa Tract, as per map recorded in Book 4, page 14, Miscellaneous Maps, Records of Orange County, State of California.

The terms and conditions of said sale are: Cash, lawful money of the United States of America, ten per cent. of the purchase money to be paid at the time of sale, balance on confirmation of sale, deed and abstract at the expense of the purchaser; the purchaser to assume the payment of all liens and taxes upon the property purchased by him and all assessments of whatsoever name or nature which are now or may be hereafter chargeable to or a lien against the said purchased property. All bids offered must be in writing and may be left at the office of Edward F. Wehrle, the said administrator, being in the Simson Bldg., City of Los Angeles, State of California, or may be filed in the office of the clerk of this court at any time and before the making of the said notice and before the date of July, 1914.

Dated this 8th day of July, 1914.

EDWARD F. WEHRLE,

Administrator of the Estate of Ed. West, Deceased.

AN UNPARALLELED TAILORING OFFER

One Day Only Saturday July 18

BE LOYAL TO
YOUR OWN
HOME
TOWN

Here
Are the
Reasons
Why I Should
Make Your Clothes

- No. 1—I guarantee every garment to be pure wool, London shrunk.
- No. 2—I purchase my woollens from the mill in large quantities and eliminate the jobber.
- No. 3—All suits guaranteed as to fit, style and workmanship.
- No. 4—I'll duplicate any \$35 to \$40 suit for \$17.50.
- No. 5—Wider range of patterns to select from.
- No. 6—All my woollens fade-proof and acid tested.
- No. 7—Best of linings and trimmings used.
- No. 8—I guarantee satisfaction and workmanship.
- No. 9—All things being equal, isn't it right that you should be loyal to your home town and keep your money where it will do the most good,—for yourself and your family?

Stetson wants to get acquainted with every man in this town. Stetson wants to introduce his tailoring methods to men who appreciate high-grade workmanship and splendid fabric.

No need to go to Los Angeles now for high-grade tailoring, for Stetson, the real tailor, is located right here in your own home town.

"Once a customer; always a customer," is my motto. I aim to please you—I want to show the men of this town what high-class tailoring really means.

My offering for tomorrow, one day only, stands positively without equal.

SUITS TO ORDER

\$17⁵⁰

I Defy Any Tailor in Town to Duplicate These Suits for Less than \$35 to \$40

THOUSANDS OF FABRICS THOUSANDS OF PATTERNS

If you have some particular fabric in mind, you are sure to find it in my shop. It makes no difference how particular you are, you are certain of getting the exact color and design you have in mind in my big stock.

High-priced tailoring has been flooded for the count in this town. Stetson is the champion tailor of this town from now on. And if you'll get into a suit of his making, you'll admit that never before have you felt such personal pride in your appearance as when you walk out in the sunshine in your swell, dapper, absolutely up-to-the-fashion Stetson-tailored suit.

I want to do my share to upbuild this town—to make it bigger and better in every way. I am here to stay, but I naturally must depend on you men who live here for patronage. I say "Be loyal to your home town and patronize the merchants that are doing business here."

Let your common sense decide—my rent and expenses are the lowest possible to obtain. Every cent I save means a greater value to you. It means better workmanship, better fabrics, better styles, better values in every respect. Let your common sense decide.

I have a long lease on my present location. I have the best fabrics possible to obtain. I am going to make good clothes for everybody. I want to make them for you. I can save you money if you'll arrange to let me do your tailoring. Stetson, the one-price tailor, is here to stay.

MOTHER COLONY ORANGES STILL TOP THE MARKET

Anaheim Again Received Four
Highest Prices on Oranges
Monday

(Anaheim Gazette)

Topping the market for oranges in the eastern markets of trade by Anaheim shippers is getting to be so monotonous that it is hardly worth recording, but the record made on Monday of this week was somewhat beyond the usual. In New York on that day the two highest prices recorded were paid for Mother Colony brands, the first selling at \$4.05 per box and the second at \$3.45. In Philadelphia on the same day a car of Mother Colonys sold for \$3.20 and a car of Carnivals at \$3.00.

\$3.00. These were the highest prices paid in Philadelphia. All these cars were shipped by the Anaheim Fruit Association. In Cleveland on the same day a car of Modjeskas, shipped by the Anaheim Orange Growers' Association, sold for \$2.85, being second in the list, the top being \$2.90, paid for a car of Echos shipped from Placencia.

This is the fourth time this year the Anaheim Fruit Association has captured the premier figure on eastern markets, and it is the third time the Mother Colony brand has sold for better than \$4. It is the only packing house in the United States that has received that figure more than once this season. Last week a car of Mother Colonys sold in New York at \$4.10, being the top price.

His Parental Excuse
Teacher—You were absent from school yesterday?
Tommy—Yes, ma'am. I was sick.
"Have you any excuse for being sick yesterday?"
"Yes, ma'am. It was the pie, ma'am."
"I mean have you any excuse from your parents for being sick yesterday?"
"Yes, ma'am. It was pie what mother made what made me sick."

WESTMINSTER NEWS BUDGET

WESTMINSTER, July 17.—The corner stone of the new Methodist church was laid on Sunday afternoon, July 12, with impressive ceremonies, by Rev. Alford Inwood, district superintendent, assisted by Rev. L. W. Moore, pastor of the church. Rev. W. P. Wardie of the Presbyterian church read the scripture lesson, followed by prayer by Rev. Moore. The singing was led by Rev. Cory of Orange. Addresses were made by Rev. W. L. Miller of Huntington Beach and Rev. Alford Inwood. Rev. Oren of Huntington Beach made the closing prayer. The following articles were placed in the corner stone:

Names of officials of the church, including officers and teachers of the Sunday school, officers of the Epworth League, list of members of the church, names of the building committee and contractor, list of subscriptions for the building, including donated labor; last issue of the California Christian Advocate, last issue of the Epworth Herald, issue of the Huntington Beach News containing announcement of the corner stone laying; literature of "California dry 1914" and a Bible.

Mrs. Jacob Welton of Huntington Beach is quite sick at the home of her daughter, Mrs. James McFadden. Mr. and Mrs. Willis Warner were Los Angeles visitors on Saturday. The following ladies attended the lecture at Garden Grove, given by Mrs. Eva Wheeler, of San Diego, national lecturer: Mrs. Everett, Mrs. J. Fogler, Mrs. John Grant, Miss Florence Grant, Miss Laura Thompson. Mrs. Wheeler is touring Orange county in the interest of "California Dry."

Mr. and Mrs. John Edwards and family of Santa Ana, Mr. and Mrs. C. F. Day and children and Mr. and Mrs. Clyde Day of Orange, attended the laying of the corner stone of the M. E. church Sunday afternoon. The Methodist Episcopal Sunday

school picnicked at Anaheim Landing on Wednesday.

Charles Parr and family motored to Whittier on Sunday in his new Overland auto, recently purchased from the local agent, Orel Hare.

Mrs. and Miss Barr, sister and niece of Mrs. H. Frost, arrived from Lincoln, Neb., on Thursday for a two-months' visit. Mrs. Frost and Mrs. Barr had not met for twenty-five years.

The Woman's Home and Foreign Missionary societies met in an all-day meeting on Wednesday at the home of Mrs. Willis Warner. Mr. and Mrs. O. S. Holmes of Long Beach visited at the H. Frost home on Monday.

Mrs. Oren Byrum and children are at West Orange for the week. Mr. and Mrs. George Abbott in Los Angeles on business on Monday.

INSPECTOR STATES STICKS WERE FUSES AND NOT DYNAMITE

Immigration Officer Frank McMahon yesterday explained that the supposed dynamite, found in the house recently vacated by him here, was not dynamite, but was in the nature of fuses and used by him to signal ships with a flash when watching in his official capacity.

Until McMahon returned from Lakeside, where he had gone to visit relatives, H. H. Weddle, in charge of the San Diego immigration office, gave the idea of a plot against McMahon some credence, as McMahon has been very active in hunting down smugglers and is considered one of the best men in the service and correspondingly hated by the smugglers.

McMahon was recently transferred from Santa Ana to San Diego, and it was after he left that the fuses were discovered here.

BUSINESS MEN OF SOUTH WILL HELP FARMERS TO SELL

LAKE CHARLES, La., July 17.—To strengthen the farmer and truck grower in the weakest point in his organization, the selling end, the Lake Charles Business Men's Association has been organized on original lines. The merchants of the city have incorporated a mutual company, hired a manager and have announced that in the future they will accept and pay cash down at the best New Orleans prices for all truck and produce brought to the association's warehouse.

"The trouble with our farmers," declared John Marshall, publisher of the Lake Charles Times and a leader in the movement, "was that they had no selling end to their business. They had good land, were well trained farmers and raised good stuff but from the minute they took it off their place and put it in their wagons they were helpless. There were hundreds of consumers who wanted their stuff and were willing to pay for it and there were hundreds of farmers about here who wanted to sell. But they couldn't get together. Our organization will see to this. We pay the farmer cash for his stuff. That's what he needs—more than anything else. Then our agents in New Orleans get it on the big southern and eastern markets for us and we get our money back. We can afford to wait for our returns, but lots of times the farmer cannot and as a result takes any old price or dumps his stuff on the local market at a big loss. So far the work of the association has been remarkably successful."

MILLINERY SPECIAL
Our entire stock of pressed shapes, values up to \$7.00 and \$8.00, on special sale this week, choice \$1.00. The Misses Rutherford, 109 East Fourth.
